WHAT IS YOUTH TENNIS?

10 & UNDER Tennis is designed to bring kids into the game by utilizing specialized equipment, shorter court dimensions and modified scoring, all tailored to age and size. It is divided into two different levels – **ages 8 and under** and **ages 10 and under**.

The 10 & UNDER Tennis format is designed to get kids into the game immediately. Within the first hour of stepping onto the court, they are actually playing the game. Scaling the game down to their size helps make the learning process easier and a lot more fun.

NEW RULE! In addition to learning the game, the USTA has also passed new rules governing competition for all 10 & UNDER tournaments. This rule requires that all 10 & UNDER tournaments use the slower-moving transition balls on smaller courts utilizing shorter, lighter racquets. SO WHAT EQUIPMENT DO YOU NEED TO GET STARTED?

- 1) Racquet adjusted to a child's size
- 2) Transition balls with lower rebound bounce
- 3) Smaller courts created with collapsible nets
- 4) Moveable court lines
