FROM THE PRESIDENT

Welcome to Mid-South Illinois Tennis Association

WE DID IT!!!!!!!

The merger was a long process, but well worth the time and effort everyone put into it.

Ron Brooks, Midwest Section liaison, started attending our MITA and SITA District meetings over four years ago. Living in Florida, I am certain he looked forward to attending the meetings in Illinois in the winter and spring. He was always ready to answer any question and sit in on our many conference calls. He had served as President on the Midwest Section board. Our merger was only one of many areas where he volunteers. His background was extremely valuable as we worked through the merger details. This was a first for the Section; we were pioneers and there were many unknowns. Thank you, Ron, for all you have done and continue to do to make this merger a reality.

I am grateful for the support we are receiving from Midwest Section. Their staff has been outstanding to work with. I could list names but might leave someone out so will list the departments: Finance, Adult and Junior Tennis, Marketing, Digital Media, and Membership.

Our 2012 November Annual Meeting was the last meeting of the MITA and SITA Districts. It was an awesome meeting and awards banquet. Midwest Section sponsored this meeting. Thanks to the Midwest Section Board and staff for all their help and financial support!

One of the first tasks for any new district is to create a set of bylaws. Thanks to Mark Atkins for his advice and determination that we not “blind carbon copy” the final version of the MSITA bylaws. Just how many versions did we have???

We had a resignation during this transition. Vicki Schmidgall was MITA Executive Director for over eight years, and also the Junior Program Director. There were many changes and strong growth under her leadership. Thanks, Vicki, for all you did for MITA!

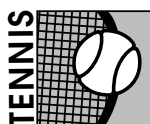

Joann Blair is the MSITA District League Coordinator. Anyone who plays leagues knows she is the best DLC ever. Thanks for all you do for the leagues, Joann, don't ever quit or move!

Patty Bramlet, the MSITA Executive Director had to work with two separate districts for one year before we merged. This has been a huge responsibility, but she has been on top of the organization and has done an outstanding job. I love Patty's ideas on growing tennis and taking on the challenges... Thanks, Patty!

Finally, the MSITA volunteers, League Captains, those working with the youth in our district—we need you now more than ever. There are some great new USTA programs for our kids; learn about them and the opportunities they present. Do our kids and yourselves a favor—play in a League, join a JTT team, serve on the board.... Have fun and be active!

10 & UNDER TENNIS

Scoring

The QuickStart Tennis format has a scoring system that is very simple. It helps kids understand the structure of the game and allows them to keep track of the competition as it unfolds. Conveniently, it also gives parents and players a start and finish time.

For the 10 and under age group, children play the best of three sets and the first to win four games wins a set. For the third set, the first player to win the seven points wins the match.

Balls

Kids need a ball that is sized and paced to their playing abilities. A regulation tennis ball moves too fast, bounces too high and is too heavy for the smaller racquet. Each age group, therefore, uses a ball better suited to their size and unique playing ability. For children aged 10 and under, a low-compression ball moves a little faster and travels farther than the ball used with the younger group, but it still has a lower bounce than a regulation ball.

Racquets

For an adult player to succeed at tennis, racquet control is essential. Same goes for kids. However, since kids are smaller than adults, kids have trouble controlling full-size racquets. They're too long, too heavy and the grips are too large. Kids need racquets that are proportionate in length and weight and have a grip that fits their smaller hands. For children aged 10 and under the appropriate racquet size should be 23" or 25".

Courts

Children aged 10 and under will play on a 60-foot long court.

**IT'S A WHOLE NEW
BALL GAME FOR KIDS!**

Cap Leighton Award – Chuck Kuhle, Decatur, IL

The Cap Leighton Award recognizes the tennis teaching professional who contributes to tennis in his or her community beyond his livelihood. This person gives freely in promoting involvement in tennis for players of all levels and ages, and assists in developing tennis programs and participation in these programs.

Kuhle has been instrumental to the growth and vitality of tennis in the Decatur area through his position as a tournament director and tennis professional.

Kuhle and his passion for tennis benefitted the former Middle Illinois Tennis Association (MITA is now part of the Mid-South Illinois Tennis Association) for almost 20 years. In addition to his Director of Tennis positions at Decatur Athletic Club and Decatur Park District, he is active in tennis initiatives outside his work responsibilities.

Kuhle has served as tournament director for the USTA Men's \$10,000 Pro Circuit Futures in Decatur for the past 15 years. He also oversees all tennis programs which take place at two area facilities. In addition to these responsibilities, he volunteers his time at the USTA, USTA/Midwest Section, and District levels. Kuhle is currently a USTA Pro Circuit Committee member and USTA/Midwest Section Nominating Committee member. His contributions throughout the District include past involvement on the Board of Directors and volunteer on various committees.

Also, Kuhle has spoken at USPTA and USPTA Midwest Division conferences, and written articles for inclusion in both organization's publications. His honors include being named the 2008 Racquet Sports Industry Magazine Junior Development Champion of the Year, and 2002 and 2006 USPTA Illinois State Professional of the Year. Kuhle has trained and positively impacted hundreds of USTA, USTA/Midwest Section, and District level players over the years.

Stanley Malless Award – Eric Schacht, Champaign, IL

The Stanley Malless Award is presented to a volunteer recognizing distinguished service in his or her district. The award especially honors the individual who has contributed to the development of tennis programs from the grass roots up for five years or more.

Schacht led the launch to form the Mahomet Community Tennis Association in 2009 to introduce tennis to this area with few tennis courts and no high school team. During the past five years more than 30 junior high and high school girls have participated in a program designed with the team concept. Schacht's dedication to working with the girls in the program has led to them recently playing competitive matches against area clubs, tournaments, and invitational events.

Two years ago, the Mahomet CTA started offering a Midwest Youth Team Tennis program targeting youth 10 years of age and younger. Approximately 60 children participated in the summer program in 2012, and the successful program will again be offered in 2013.

Schacht has been coaching girls' tennis teams for several years, and was previously the coach at two area high school teams. He also served as a volunteer coach for the University of Illinois women's collegiate team.

If you love playing tennis—you're going to love it even more as part of a team. One of the great things about the international events of Davis Cup and Fed Cup play is that those events take the decidedly individual sport of tennis and turn it into a team event. There's a special kind of energy and excitement that results from that transformation. Even at the pro level, players like Andy, James, the Williams sisters, and the Bryan brothers get especially fired up when they're part of a team effort.

You've seen it—everyone does their best to make their teammates that much better. That's what USTA Jr. Team Tennis is all about—building your game while building a team. It's about showing your stuff—and sharing the fun.

About USTA Jr. Team Tennis

USTA Jr. Team Tennis brings kids together in teams to play singles, doubles, and mixed doubles against other teams. It promotes social skills and important values by fostering a spirit of cooperation and unity, as well as individual self-growth. Also, it's a fun environment for kids in which they learn that succeeding is really more about how they play the game – win or lose.

How does it work?

USTA Jr. Team Tennis is designed for kids ages 5-18. They are immediately placed on teams. All you need to start a league are two teams. Matches can be held anywhere from a local park or school to a commercial or private club. Teams are preferably co-ed but can also be single gender (boys only or girls only). They are divided by the following age and play levels:

Age Groups: 18U, 14U, 12U, 10U and 8U

Play Levels: Beginner, Intermediate, Advanced

TennisLink

All players have access to TennisLink, the USTA's online player registration system. TennisLink allows registered players to keep track of their records and stats, as well as scout their competition. Whether on the court or online, USTA Jr. Team Tennis builds a passion for a sport kids will be able to play for life.

Costs

The costs to participate can vary by local market. Minimum fees include costs for the official uniform, USTA membership (if new member), plus nominal shipping and processing fees.
