Out of School Time – Agenda for meeting with Superintendents

One hour meeting time requested at their convenience

At the meeting, take 5 minutes to review the one page logic model submitted with the grant application pilot grant overview to 'remind' them of previous conversations, of the project goal/impact and to agree that this meeting is focused on Out of School Time - inclusive of 'after school', summers, holidays.

Explore his/her vision for the students in this community in regard to OST

What kinds of things are keeping this from happening?

Are there other existing efforts or school-based initiatives, already in place with potential to impact this process?

Can you recommend staff, parents and youth who would be key stakeholders to help create the kind of OST opportunities that would make a difference?

What potential community partners would you like to see us include? (Can we use your name as we approach other people?)

Is there a way we can use school communication systems to help publicize this project or for distribution of parent questionnaires?

Do you have any questions or concerns about the potential outcomes?
