

## **AzCASE/VSUW Out of School Time Network Action Plan**

### **Executive Summary**

#### **“Elevator Speech”**

To develop an actionable agenda to strengthen the Out of School Time Network in Maricopa County by:

- Increasing coordination amongst Out of School Time Providers, schools and community resources
- Increasing access for youth and families to Out of School Time programs
- Actively engaging Out of School Time providers in post-secondary readiness strategies in our community

#### **Meetings**

- Three meetings of the entire action planning team which will incorporate a large group meeting as well as break-out subcommittee meetings.
  - **Thursday April 15, 9am – 1pm**
  - **Wednesday, May 12, 9am – 1pm**
  - **Thursday, June 17, 9am – 1pm**
- Subcommittees will conduct the bulk of action planning during the above scheduled meetings. They will determine inter-meeting tasks and work together with support from AzCASE and VSUW to complete. Estimated time of inter-meeting tasks: 1 - 2 hours each meeting.

#### **Subcommittee Structure and Actionable Agenda Completion**

There are three subcommittees, Coordination, Access and Post-Secondary Readiness. The subcommittees and meetings are structured to create by the end of the third meeting :

- 7-9 clearly defined issues per focus area facing the Out of School Time system in Maricopa County, high level opportunities/solutions to address them and a menu of key resources and stakeholders that can be engaged in strengthening the system.
- Prioritized from the above, one issue from each focus area, coordination, access and post-secondary readiness, with clearly defined opportunities, strategies, and tactics, a resource map and timeline for implementation.

#### **Actionable Agenda Implementation**

AzCASE and VSUW are committed to the implementation of the actionable agenda. We will work with the action planning committee to identify appropriate implementation roles for AzCASE, VSUW and all other interested parties, beginning with the three prioritized issues.
