

## *Sunset Neighborhood began as...*

a not-for-profit organization and sister corporation to The Community at Sunset Wood, a senior residential community in New Hartford, NY built in 1984.

We began caring for the elderly as Sunset Home of Utica more than 160 years ago. Through Sunset Neighborhood, we are extending our services and expertise to the local community.

Sunset Neighborhood is a truly progressive and responsive approach to "aging in place" and is one of the first community programs of its kind in New York State.

Please join us on

May 3, 2007 at 3pm

for a Press Conference to Celebrate

## *Sunset Neighborhood* *A New "Community Concept" in Aging*

We will be gathering at

## *Sunset Neighborhood is...*

a senior membership program designed to enhance the lives of seniors who choose to live in their own homes. We are advocates for seniors and help them make informed choices about everyday services and wellness.

Friends and family can find comfort in knowing that their loved ones have a local support system to assist them with everything... from health and lifestyle choices to transportation, personal care and home maintenance.
