## Assassins Creed Brotherhood Cracked. Key : [Update]

Assassin's Creed II is a 2009 action-adventure video game developed by Ubisoft Montpellier and published by Ubisoft. It is the second installment in the Assassin's Creed series, and is the sequel to the 2007 game Assassin's Creed. The game was released for the PlayStation 3, Xbox 360 and Microsoft Windows, and a version was also released for the Nintendo DS, with the Nintendo DS version featuring touchscreen controls. It was released in North America on October 30, 2009 and in Europe on November 12, 2009, and was ported to the PlayStation Portable on November 23, 2010. The game makes significant changes from Assassin's Creed, the most noticeable being that the game opens with Ezio in the present day, in his late forties (the same age as Ezio when he killed the Borgia Pope in Assassin's Creed). Assassin's Creed has a split screen multiplayer mode that supports 1-4 players. The PlayStation 3 version of the game requires the PlayStation Move motion controller. This version was also released on Wii U's Virtual Console service on January 22, 2011, on the PlayStation Network on April 25, 2011 for the PlayStation 3, and on Wii U's eShop on May 2, 2011 for both the PlayStation Network and Wii U. Assassin's Creed II is the first game in the series to feature AC2 (Assassin's Creed II) as its logo, rather than AC (Assassin's Creed) as used in the previous installment. Contents The Brotherhood of Assassins sends Ezio to Rome, Italy in order to obtain a letter from Lucrezia Borgia, the sister of Pope Alexander VI. Lucrezia's letter reveals the existence of the Brotherhood, and it is assumed that Lucrezia herself had been a member of the Order. While there, Ezio is accompanied by his adoptive grandson, Leonardo da Vinci, along with a highly effective Shadow of Christ, a 16th-century member of the Brotherhood named Altair. After retrieving the letter, Ezio is attacked and wounded, and while he is being treated in a clinic in Rome, he meets a young young woman, Claudia, who is the daughter of Lady Comtesse della Luna. Ezio's daughter Marianna is also briefly seen. Assassin's Creed II was confirmed to be in development on the internet in August 2006,[2] after a brief trailer appeared on April 30.[3] Ubisoft's CEO Yves Guillemot and director of the new game's development,
