

EATON HIGH SCHOOL TRAINING CONTRACT

TRAINING POLICIES: The Athletic Department of Eaton School District RE-2 has adopted the following set of training rules. These rules are in effect from the start of fall sports season practices until the last contest in any spring sport. Upon signing, the rules apply to student athletes even if they are not participating in the current season.

It is expected that all student athletes will abstain from possessing, selling or taking any tobacco products, drugs or alcoholic beverages during the school year. This also includes any other conduct that could be reasonably foreseen as (1) adversely affecting the student athlete's ability to compete or perform or (2) adversely affects the reputation of the team or student athletes in this school or the district in general.

The following are the consequences of a training violation of this type. The school district reserves the right to bypass any intermediate discipline steps it determines appropriate.

LEVEL ONE: Student athlete will be deemed ineligible for a period of 40% of the contests in that respective sport.

LEVEL TWO: Student athlete will be deemed ineligible for a period of 80% of the contests in that respective sport.

LEVEL THREE: Student athlete will be deemed ineligible for one calendar year from date of suspension from all sports.

*All suspensions will be carried out regardless of when postponements are rescheduled.

* If necessary, the suspension will be carried over and completed during post season play or in student athlete's next sport season.

*Proof of completion of a drug or alcohol abuse program may be required before reinstatement into the athletic program at the athlete's expense.

*The student athlete may not participate in any other contest at any level during their suspension. They may not suit up, practice, sit on the team bench or travel with the team.

It is understood that action may be taken against any Eaton High school athlete seen violating the aforementioned policies. Action may be taken if a member of the Eaton High School staff, administration, or the accused athlete's parents/guardians observed a violation of the training rules. Action may also be taken if a student athlete has been arrested or been issued a citation/ticket by law enforcement.

In cases when information comes from sources other than a coach, administrator, or the student athlete's parents/guardians, a due process hearing may be held. If the alleged violation is undocumented action will not be taken. However, if a student athlete is later determined to have misrepresented him/herself they will be ineligible for a period of one calendar year from the date of the findings.

PROCEDURE FOR SUSPENSION: In the event that administration contemplates suspending a student/athlete, the following procedures shall be followed:

1. Notice-Student/athlete will meet with athletic director and assistant principal or principal to discuss suspension. Written notice of proposed action will be delivered to the student/athlete and his/her parent/guardian.
2. Appeal-Within five days of the decision, the student athlete may appeal the decision to the Athletic Council made up of the athletic director, an administrator and an EHS coach. The council will make final determination regarding the suspension of the student/athlete.

ACADEMIC POLICIES: It is expected that all student athletes be in attendance on game days and on practice days for at least ½ a day. Only school related activities, pre-arranged absences or medical appointments will be excused. If an athlete is in violation of this policy they will not participate in the next contest.

It is expected that all student athletes behave in a mannerly and respectful fashion in the classroom. We believe that champion athletes are also champions in the classroom. If a student athlete receives In or Out of School suspension they will be ineligible for the next contest.

Eaton High School believes that academics are very important. A three strike policy will be enforced for academics. After a student athlete has appeared on the failing list for a third time during the season they will be removed from the team so that the student athlete will be able to focus on their academics.

PARENT PERMISSION FOR ATHLETIC PARTICIPATION

1. Before a student is permitted to participate in the Eaton High School Athletic Program, this permission form must be signed and on file with the activities director.
2. It is the student/parent responsibility to be aware that two F's in the preceding semester makes the student athlete ineligible for any athletic competition the following semester until set dates determined by CHSAA. Students must be enrolled in a minimum of six (6) classes. Eligibility is reported every Friday on a weekly basis and goes into effect the Monday through Saturday following.
3. It is the responsibility of the parent/guardian to provide insurance protection for the student athlete while participating in competitive athletics. Eaton School District RE-2 makes available a student insurance plan which offers a coverage for all competitive athletics offered. This plan is available each fall for a nominal fee. Football coverage is considerably higher than regular insurance. Insurance forms are available in the high school office or from the activities director.
4. Although participation in supervised school athletics and activities programs is among the least hazardous activities in which any student will engage either in or out of school, the very nature of these school athletic and activities programs does create potential for injury. Parents/Guardians should be aware that the chance of injury is present while student athletes are participating in school athletic/activities programs. Those parents/guardians who do not wish to expose their student athlete to this possibility should not sign this permission form.
5. Aside from the established training/academic policies noted, which are non-negotiable, athletic teams may implement additional policies and regulations (practice/competition expectations, behavior, etc...).
6. I further understand that Eaton High School has established rules and regulations pertaining to conduct, behavior, and activities of all students and athletic participants, by which my son/daughter must abide during participation in this activity, and that my son/daughter and I will be responsible for his/her failure to abide by those rules and regulations.
7. I have read and I am familiar with the CHSAA competitive brochure on CHSAA's website and I fully understand the requirements including hazing policies for athletic participation set forth by CHSAA.
