INTRODUCTION

Athletics are an important component of The James Island Charter High School educational program. The Athletic Code of Conduct applies to student athletes from their initial interscholastic participation through their graduation from high school. The rules governing student athletes are in effect from July 1st through June 30th of each school year, and apply to all student athletes encompassing grades seven through twelve. This policy is in effect 24 hours a day, in or out of each athletic season, and covers student-athlete comportment both in and outside of school.

Student participation in athletics is a privilege, not a right. A student athlete's participation in interscholastic athletics is contingent upon their full compliance with all provisions of this Athletic Code of Conduct. The following goals will serve as the foundation for the specific provisions within this Code of Conduct:

Our goals are:

1. To develop and maintain the highest level of sportsmanship.
2. To develop outstanding citizens in and out of the classroom.
3. To develop proper attitudes toward winning and losing, success and failure.
4. To encourage and develop respect for fellow athletes whether they are teammates, members of other JICHS athletic teams, or members of opposing teams.
5. To assure that the amount of time required for athletic participations does not interfere with academic success.
6. To develop proper attitudes toward individual health habits, appearance on and off the field, and citizenship in and out of school.
7. To encourage competition not only for the tangible rewards but also for the development of positive attitudes that makes athletic competition valuable and worthwhile.
8. To orient all athletic staff members to abide by the rules, regulations, and officials' decisions that govern each sport.
9. To maintain the highest standard of ethics, recognize each participant as an individual who will conduct him/herself in a manner befitting his/her responsibilities, and develop the kind of rapport with the broader school community that will improve the total educational program.

COACHING

At JICHHS, coaching is defined as a teaching situation. This implies that teacher responsibility for supervision, preparation, and training is as essential in coaching as it is in the classroom. Therefore, we must assume that the individual coach will apply him/herself to athletic assignments in the same professional manner displayed in a formal classroom situation.

Of all educators, we feel that a coach has the greatest opportunity to influence young people. A coach, through his/her interaction with student athletes during practice and game situations is considered an extension of the school day. The "Classroom" becomes the football/soccer field, the softball/baseball field, basketball court or the yellow school bus carrying athlete's home after they've just suffered a heartbreaking loss. These are teaching opportunities a coach can use to help young people become better citizens and better human beings.

CODE OF ETHICS FOR COACHES

At JICHHS each student-athlete should be treated as an individual whose welfare shall be primary at all times. The coach must be aware that he/she serves as a model in the education of the student-athlete and, therefore, shall never place the value of winning above the value of character building.

The coach must, at all times uphold the honor and dignity of the coaching profession. In all personal contact with the student-athletes, parents, officials, athletic directors, school administrators, the state high school athletic association, the media and the public, the coach will strive to set an example of the highest ethical and moral conduct.

The coach shall support and enforce school rules for the prevention of drug, alcohol and tobacco use and abuse, and under no circumstances shall allow the use of these substances.

The coach shall support and enforce school rules for the prevention of all gang related activities. This shall include guns, gang apparel, and facebook/social media association.

The coach shall promote the entire interscholastic program of the school and direct his or her program in harmony within the total school program.

The coach shall be thoroughly acquainted with contest, state, and league, and local rules, and is responsible for their interpretation to team members. The coach shall abide by the letter and spirit of these rules at all times.

Coaches shall actively use their influence to promote sportsmanship by working closely with parent, athletes, cheerleaders and administrators.

Contest officials shall have the respect and support of the coach. The coach shall not engage in conduct, which will incite players or spectators against the officials, or against each other. Public criticism of officials or players is unethical.

CPR, FIRST AID AND COACHING COURSE REQUIREMENTS

ALL coaches must have current and valid first aid and CPR certification. Coaches who are not certified in physical education must complete the coaching course requirement within three years. The requirement consists of four courses 1) Concussion in Sports; 2) Heat Illness Prevention; 3) Sudden Cardiac Arrest; 4) Any other course required by SCHSL or NFHSAA

EXPECTATIONS OF PARENTS

1. Be positive with your son/daughter. Let them know that they are accomplishing something by being part of the team.
2. Do not offer excuses to them if they are not playing. Encourage them to work hard and do their best.
3. Encourage athletes to follow the rules. Whether they are a starter or substitutes, players must follow rules pertaining to curfew, drinking, smoking, promptness and school, etc.
4. As a fan, you are entitled to cheer enthusiastically for your team, but don't become belligerent. Coaches work with athletes as know their talents. Respect that!
5. Insist that the athletes respect team rules, school rules, game officials, and sportsmanship. Self-respect begins with self-control.
6. Encourage the athletes to improve their self-image by believing in themselves.
7. Encourage your athlete to play for the love of the game.
8. Remember that the coach is involved as a coach because he/she is sincerely fond of children and is an experienced professional. Coaches have different ways of dealing with people and situations. Athlete's lives are enriched by interaction with different types of leaders.
9. Remember: at a competition you, the parent, represent your community, your school and your son/daughter. Please be a positive role model.

PARENT/COACH COMMUNICATION

As your son/daughter becomes involved in the sports program at James Island Charter High School they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your child wishes. This is the opportunity for your child to talk with their respective coach and discuss the situation. When your child handles the problem, it becomes part of the learning and maturation process. There may also be situations that require a conversation between the coach and parent. These are encouraged. It's important that both parties have a clear understanding of the other's position. Please follow the following procedures to help promote a resolution.

1. If the concern is not resolved between your child and the coach:
 - a. Call or email the coach and ask for a meeting
 - b. Call the Athletic Director to arrange a conference. A meeting will be arranged with the coach, parent, and Athletic Director.
 - c. At this meeting, the appropriate next step can be determined.
 - d. Please do not attempt to confront a coach before or after a contest or practice. These can be emotional times for both the parent and coach. Meetings of this nature do not promote resolutions.

This type of immature activity may invite undesirable behavior on the part of teammates or spectators. Remember, you are an important role model for others.
- (F) Congratulate opponents in a sincere manner following either victory or defeat. This is a true measure of character and sportsmanship.

This applies even if the player is not in school that day.

If family obligations are known to a player in advance that would cause a player to miss a game or practice, this must be made known to the coach at the earliest possible time. - (J) **Alcohol and Substance Abuse:** A student charged, suspended, preponderance of evidence, for the use, association, possession, sale or distribution of tobacco, tobacco products, alcoholic beverages, illegal drugs or performance enhancing substances, or drug paraphernalia is a violation of the JICHS Athletic Code of Conduct.

For the **first offense** the student-athlete will be required to complete two mandates. Failure to comply with these requirements would result in the student's suspension from all athletic participation.

Requirement 1: The student athlete and parent agree to enroll in the <http://www.logancourtclasses.com/> Alcohol and Substance Abuse Class (4 hour class \$29.95). The parent agrees to take full responsibility for insuring the student-athlete attends the classes. The parent also agrees to pay all fees associated with tuition for the aforementioned classes.

Requirement 2: The student-athlete will be suspended from playing (minimum) 30% of the SCHSL maximum allowable scheduled games. Example: (football – 10 games is the maximum allowable contest by the SCHSL, suspension anytime during the season in this sport would result in three games). Student-athletes will be expected to practice with team during this period. The 30% will be carried into the player's next sport season if applicable. The athletic director will determine the number of suspended games upon reviewing the SCHSL handbook.

For a **second offense** there will be a minimum one (1) calendar year suspension from participating in interscholastic athletics starting from the date of the infraction. Participation beyond that date will be determined by the Athletic Council, which is composed of the high school principal, athletic director, and representatives of the coaching staff.

For any subsequent violation student would be precluded from any further participation in interscholastic athletics while a student at James Island Charter High School.

While completing the first requirement the athlete will continue to practice with his or her team and participate in scrimmages, as these are means to prepare the athlete for scheduled competitions. The suspended athlete will be required to attend all games dressed in appropriate street clothes while completing their mandates.

- (N) Any student arrested on or off campus during the school calendar year will be suspended from athletics until the case has been resolved.
- (O) Community Representation: Athletes are role models who should represent their team, school and community in a positive manner. Consequently, any inappropriate or unlawful action committed by an athlete on or off school property is subject to penalty. Such penalties may include suspension from the athletic team. If in the discretion of a coach or administrator a student's citizenship or image is extremely poor, a conference will be held with the student's future participation on athletic teams that represent James Island Charter High School. It is expected that these conferences will rarely be necessary.
- (P) Students who are waiting for practice should not be in the academic wing unless assigned to a teacher. Students waiting for practice should not congregate in the lobby area. Coaches will notify players where they should be.

Philosophy

All parties (school personnel, parents, and fans) of JICHS acknowledge that academic endeavors have priority over athletics and extra-curricular activities. Participation in these activities is an honor and a privilege. The School District recognizes that while extra-class activities provide opportunity for personal improvement, contribution to the school, self-realization of potential, and education of the whole person, participation in these activities cannot take precedence over academic pursuits. Every effort must be made to keep grades stable or improving.

Eligibility Criteria and Participation Guidelines

Students' eligibility will be governed by rules set by the South Carolina High School League (SCHSL).

(R) Appeal Process: If a parent/guardian disagrees with a suspension placed upon their child the following are the guidelines for appealing the judgment:

2. An appeal, in writing to the Athletic Director must be requested by the parent/guardian, athlete and coach within ten (10) calendar days of the receipt of a declaration of ineligibility. If any of the three does not sign then the athlete will not be allowed back on the team. The Athletic Council will be convened within five (5) calendar days of the written request. The student-athlete and parent/guardian are expected to attend this meeting.
3. The Athletic Council will render a written decision within five (5) calendar days of the appeal meeting.
4. A further appeal would be to the JICHS Board of Directors. This appeal must be made in writing within five (5) calendar days of receipt of the Athletic Council's decision. A formal meeting would be scheduled within five (5) calendar days of the request. Both the student and parent would be required to attend the appeal meeting.
