**\* Only Booster Club members are allowed to turn left into the campus for "Home" Friday Football Games.**

**\*\* PLEASE SEE PAGE 2 FOR AN ATHLETIC FACILITY IMPROVEMENT AND AN ADDITIONAL GIVING OPPORTUNITY \*\***

**Giving Opportunity: Have you noticed the many improvements to the Ben Lippen Athletic Facilities?!? We now have new lights on the football/soccer and baseball fields, a multi use practice field for mens' and womens' sports, a repaved track and many other improvements! If you are a Booster Club Member, you have been a part of that!**

The Booster Club has agreed to come along side the Athletic Department in its efforts to improve the softball facilities. The plan is to move the softball field toward the "hill" from its current location and to give the ladies a home field and other facilities that will rival other SCISA softball facilities. The field will be a terrific addition to our athletic facilities on the Ben Lippen campus. To make this happen, we need your support! The Booster Club is participating financially in this project, and we are asking you to prayerfully consider assisting us with this capital improvement. Phase I of the project includes moving the playing field toward the Hill, laying new sod, and placing irrigation. The goal for Phase I is \$55,000. A tax deductible donation can be designated on the line specified on the front page of this form. Thank you for your consideration!

**Please print this form, complete contact information and giving amount, & mail check payable to:**
