Re: ~~Student Traveling to Contest with Coach/Parent~~

_____ By signing this document I am authorizing a coach, hired by Huron City Schools, to take my child to an athletic event in their private vehicle. I understand that a school vehicle will otherwise be made available to transport my child to the event. The coach, and only the coach, will assume responsibility for my child's safe transport to and from the athletic contest.

--or--

_____ By signing this document I am stipulating that I will drive my own student to and from an athletic contest. I understand that I assume full responsibility for their safe transport and that a school vehicle can otherwise be utilized for transport. I cannot transport any other student other than my own in this manner.
