2011	2012
2013	2014

Regional Hosts:

2014

Lebanon Soccer Complex

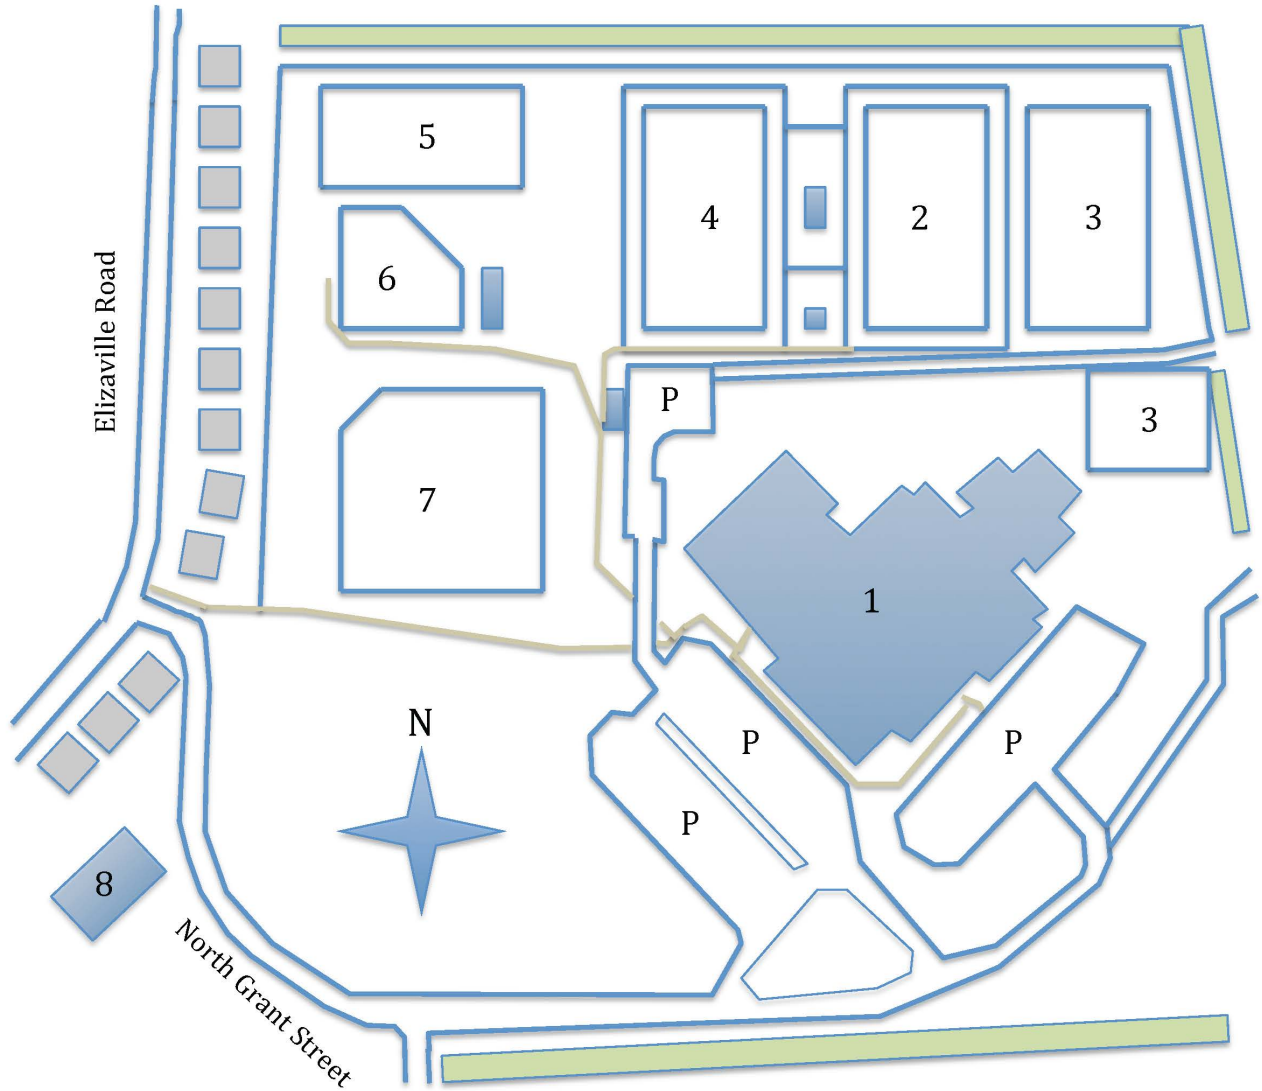

Completed in 2005, the Lebanon Soccer Complex is one of the premier high school soccer facilities in Central Indiana and the state. These fields serve as the epicenter of soccer in the community by hosting not only the middle school and high school teams each fall, but games and practices for some of the Lebanon Youth Soccer Association teams in the spring.

Boasting three fully lit, irrigated, natural grass fields the Lebanon Soccer Complex is fully equipped to host large events including the Sagamore Conference middle school tournament, the Sagamore Conference Junior Varsity tournament, a Junior Varsity Invitational Tournament and a Varsity Invitational Tournament, and IHSAA sectional and regional events.
