Camp Goals

The Lady Indians Summer Soccer Camp is run by varsity Coach Patrick O'Leary, his assistant coaches, current varsity players, and former players. Campers will learn the basics of dribbling, passing, footwork, and shooting. Campers will learn basic defense footwork, positioning, and individual and team concepts. Individual and team skills will be focused on during the camp. The content of this camp will also change to accommodate the level of the player at the camp.

Soccer Philosophy

Our philosophy at Fairfield will be to help develop & enhance the skills, useful for each player's life, on and off the field...

Teamwork – getting along with others and working toward a common interest.

Communication – the ability to relate your thoughts and ideas to teammates, coaches, and others in a respectful, appropriate manner.

Responsibility – all members will be held responsible for their actions and understand the importance of discipline. You always have choices...some tougher than others!

Following Rules – recognizing the importance for rules and the established structure.

Pride – the importance of having pride in oneself as well as the team and overall program.

Mental Capability – the ability to use your mind to overcome difficult situations and to understand your own thought process better.

Enjoyment in Life – understanding when it's OK to relax and reflect upon hard work. Maintain a sense of humor, while knowing it's time to be serious. Keep a perspective that while soccer becomes competitive, it's still...just a game!!!

Academics – it is also policy of our program that academics are the top priority. A focus on school performance and learning is vital to all success. Our players will understand that academics will help them more in the future than just playing the game of soccer.
