

# EDGEWOOD HIGH SCHOOL BRADEN MIDDLE SCHOOL

# ATHLETIC POLICY STUDENT/PARENT HANDBOOK

## TO THE PARENT:

This handbook is presented to you because your son/daughter has expressed a desire to participate in interscholastic sports at **EDGEWOOD HIGH SCHOOL/ BRADEN MIDDLE SCHOOL**. Your family interest in this component of our school program is important to us. We believe participation in sports provides a wealth of opportunities and experiences, which assist students in personal growth and adjustments. It is our intent to conduct a program that is educationally sound in purpose and will enhance each student's personal growth.

A student who elects to participate in athletics is voluntarily making a choice of self-discipline and self-denial. These are the reasons we place stress on good training habits. Failure to comply with the rules of training and conduct means exclusion from the squad. This concept of self-discipline and self-denial is tempered by our responsibility to recognize the rights of the individual within the objectives of the team. There is no place in high school athletics for students who will not discipline their minds and bodies for rigorous competition. We are striving for excellence and do not want to compromise with mediocrity.

It is the role of the athletic department, in cooperation with administration, to make rules that govern the spirit of competition for the school. These rules need a broad basis of community support, which is achieved only through communication to the parent. It is our hope to accomplish this objective through this athletic handbook for students and parents.

It is the role of the parent/guardian to set a good example for **sportsmanship** for the athlete. The fundamentals are to show respect for the opponent and officials at all times to know, understand and appreciate the rules of the contest; to maintain self-control at all times; and, to recognize and appreciate skills in performance, regardless of the team affiliation. Each parent wants their son/daughter to do well, but not at the expense of the team members. It is a parent's responsibility to encourage the athlete in a positive manner and not to belittle the other team members or the officiating crews at that event. Too many times, parents get caught up in the winning mentality and forget the importance of integrity and ethics. If we are to see our athletes succeed, parents need to stress the importance of integrity, moral values, and ethics. Good sportsmanship is viewed by **EDGEWOOD HIGH SCHOOL/BRADEN MIDDLE SCHOOL** as a commitment to fair play, ethical behavior and integrity. Sportsmanship is characterized by generosity and genuine concern for others.

## TO THE ATHLETE:

Being a member of an **EDGEWOOD HIGH SCHOOL/BRADEN MIDDLE SCHOOL** athletic team is a fulfillment of an early ambition for many students. The attainment of this goal carries with it certain traditions and responsibilities that must be maintained. A great athletic tradition is not built overnight; it takes the hard work of many people over many years. As a student/athlete at **EDGEWOOD HIGH SCHOOL/BRADEN MIDDLE SCHOOL**, you have inherited a wonderful tradition which you are challenged to uphold.

Our tradition has been to win with honor. We desire to win, but only with honor to our athletes, our schools, and our community. Such a tradition is worthy of the best efforts of all concerned. Over the years, our teams have achieved more than their share of league and tournament championships. Many individuals have set records and achieved many awards.

It will not be easy to contribute to such a great athletic tradition. When you wear the colors of our school, we assume that you not only understand our traditions, but also are willing to assume the responsibilities that go with them. However, the contributions you make should be a satisfying accomplishment to you and your family.

- ◆ **RESPONSIBILITIES TO YOURSELF:** The most important of these responsibilities is to broaden and develop strength of character. You owe it to yourself to derive the greatest benefit possible from your athletic experiences.  
Your academic studies, your participation in extracurricular activities as well as in sports, prepare you for your life as an adult.
- ◆ **RESPONSIBILITIES TO YOUR SCHOOL:** Another responsibility you assume as a squad member is to your school. **EDGEWOOD HIGH SCHOOL/BRADEN MIDDLE SCHOOL** cannot maintain its position as an outstanding school unless you do your best in the activity in which you engage. By participating in athletics to the maximum of your ability, you are contributing to the reputation of your school.
- ◆ You assume a leadership role when you are on an athletic team. The student body and citizens of the community know you. You are on stage with the spotlight on you. The student body, the community and other communities judge our school by your conduct and attitude, both on and off the field.
- ◆ Because of this leadership role, you can contribute significantly to school and community pride. Make **EDGEWOOD HIGH SCHOOL / BRADEN MIDDLE SCHOOL** proud of you, and your community proud of your school, by your consistent demonstration of these ideals.
- ◆ **RESPONSIBILITIES TO OTHERS:** As a squad member, you also bear a heavy responsibility to your home. If you never give your parents anything to be ashamed of, you will have measured up to the ideal. When you know in your heart that you have lived up to all of the training rules, that you have practiced to the best of your ability everyday, and that you have played the game “all out,” you can keep your self-respect and your family can be justly proud of you.
- ◆ Younger students of the **BUCKEYE LOCAL SCHOOLS** are watching you. They will copy you in many ways. Do not do anything to let them or yourself down. Set good examples for them. Sportsmanship in contact with other teams cannot be emphasized enough. Sportsmanship is an essential element of all sports programs.

Give 100% in your sport for your team and toward the other team. You, as a team member, can and should promote sportsmanship to your team members and to the members of other teams. Respect the opposing team, the officials and yourself at every contest. Maintaining self-control at all times requires discipline. Sportsmanship is characterized by generosity and a genuine concern for others both on and off the playing field. Sportsmanship is definitely a “follow the leader” activity.

The following extracurricular athletic activities are available at the high school: baseball, basketball (boys and girls), cheerleading, cross country (boys and girls), football, golf (boys and girls), soccer (boys and girls), softball, swimming (boys and girls), tennis (boys and girls), track (boys and girls), volleyball and wrestling.

The following extracurricular athletic activities are available at the junior high school: football, volleyball, tennis (boys and girls), basketball (boys and girls), wrestling, track (boys and girls), cross country (boys and girls), soccer (boys and girls), weightlifting, and cheerleading.

## ATHLETIC PHILOSOPHY

### STATEMENT OF PHILOSOPHY

The EDGEWOOD HIGH SCHOOL/BRADEN MIDDLE SCHOOL athletic program should provide a variety of experiences to enhance the development of favorable habits and attitudes that will prepare students for adult life in a democratic society.

The interscholastic athletic program shall be conducted in accordance with existing Board of Education policies, rules, and regulations. While the Board of Education takes great pride in winning, it does not condone “winning at any cost.” It discourages any and all pressures, which might lead to neglecting good sportsmanship and good mental health. At all times, the athletic program must be conducted in such a way that it is an educational activity. **IT IS A PRIVILEGE, NOT A RIGHT, TO PARTICIPATE IN ATHLETICS!**

### ATHLETIC GOALS AND OBJECTIVES

Our goal—the student-athlete shall become a more effective citizen in a democratic society.

Our Specific Objectives—the student-athlete shall learn:

- a) To work with others—In a democratic society a person must develop self-discipline, respect for authority, and the spirit of hard work and sacrifice. The team and its objectives must be placed higher than personal desires.
- b) To be successful—Our society is very competitive. We do not always win, but we succeed when we continually strive to do so. You can learn to accept defeat only by striving to win with earnest dedication. Develop a desire to excel.
- c) To develop sportsmanship—To accept any defeat like a true sportsman, knowing we have done our best, we must learn to treat others as we would have others treat us. We need to develop desirable social traits, including emotional control, honesty, cooperation and dependability.
- d) To improve—Continual improvement is an essential component of good citizenship. As an athlete, you must establish a goal and you must constantly try to achieve that goal. Try to improve the skills and knowledge required and those personal traits that enhance the success of a team.
- e) To enjoy athletics—It is necessary for athletes to enjoy participation, to acknowledge all of the personal rewards to be derived from athletics, and to give sufficiently of themselves in order to persevere and improve the program.
- f) To develop desirable personal health habits—To be an active, contributing citizen, it is important to obtain a high degree of physical fitness through exercise and good health habits, and to develop the desire to maintain this level of physical fitness after formal competition has been completed. It is necessary to make athletes aware of the negative effects of drugs and alcohol on their daily lives and their athletic performances.
- g) To encourage athletes to become multi-sport athletes—It is a proven fact that athletes who are involved in numerous sports throughout the school year will be better athletes.

## REQUIREMENTS FOR PARTICIPATION

### A. BEHAVIOR

You are a student first and an athlete second. As a member of a team, you are expected to represent your team and school at all times. This means in the classroom, during extracurricular activities and in the community. It is a privilege to participate in athletics and you should be proud to be associated with a team and your teammates. Please follow these simple guidelines:

- ◆ I will respect the property of others as I would my own;
- ◆ I will respect adults (school personnel who deal with me on a daily basis and any other adult); and,
- ◆ I will conduct myself in an exemplary social manner at all times.

### B. PHYSICAL EXAMINATION

A yearly physical examination is required. The physical card must be completed by the physician, signed by the parent and the athlete and submitted to the coach or Athletic Director PRIOR to participation. **NO ATHLETE IS PERMITTED TO PRACTICE WITHOUT A CURRENT PHYSICAL.** The physical card is good for one full year from the date of the exam. The form will be kept on file in the Athletic Director's office in the main office for Junior High students. We strongly recommend you have the physical in the summer, even if you will not be participating in a sport until the winter or spring months.

### C. EMERGENCY MEDICAL AUTHORIZATION

Each parent must fill out an emergency consent form for each sport. That form gives permission to treat your son/daughter in the event of an injury and the parent is not present at the event. A form is needed for each sport.

### D. INSURANCE

The school district provides the opportunity for parents to purchase student accident insurance to cover student athletic injuries. This insurance is a supplemental insurance to the parent's coverage. In the event of an injury, parents are to notify the Athletic Director within 7 days of the injury for the appropriate forms. It is the parent's responsibility to file these forms and communicate with the insurance company.

### E. SCHOLASTIC AND AGE ELIGIBILITY

All student-athletes must meet the scholastic requirements of the OHSAA which requires that the athletes pass a minimum of the equivalent of five (5) credits toward graduation immediately preceding grading period in order to be eligible the following grading period. Junior high athletes must receive a passing grade in a minimum of five of all subjects carried during the preceding grading period. Changes of eligibility will become effective on the START of the fifth school day after the end of the nine weeks (usually Friday). **All student-athletes in grades 7-12 must also earn a 1.8 GPA for the preceding grading period to be eligible.**

When a high school student (grades 9-12) turns 20 years of age, he/she becomes ineligible for interscholastic athletics. There is an exception to this regulation, so please arrange a meeting with your principal or athletic administrator to review this exception.

A student has eight semesters of eligibility commencing with his/her freshman year. If the student is detained in a grade for more than one year, the eligibility is still for eight semesters. In this case, the student will be ineligible for their senior year.

## F. GRADE POINT AVERAGE FOR ELIGIBILITY

Grade point average for eligibility will be calculated as noted below.

- ◆ Grades will be assigned the following value: A = 4 points; B = 3 points; C = 2 points; D = 1 point; F = 0 points.
- ◆ The point values for each grade will be added together and then divided by the total number of credits.
- ◆ Incompletes will be counted as an F (0) until made up.
- ◆ No letter grades will be changed after the end of each grading period.

## G. PARTICIPATION

An athlete should participate in only one sport per season. Permission from both head coaches and the Athletic Director is necessary if the athlete wishes to participate in more than one. (Note: Cheerleaders may participate in a sport during a cheer season).

## H. DROPPING OR TRANSFERRING SPORTS

Before an athlete quits a team she/he must speak to her/his coach and the athletic director. If an athlete quits a team after the first contest she/he will not be eligible to participate (practice, play, condition) until the beginning of the next sports season. If an athlete quits a team before the first contest she/he may try out for another team during the same season. The athlete will be required to practice an equivalent number of days equal to the number of days at the beginning of the season before participating in an actual athletic contest. An athlete must hand in all equipment before beginning another sport. It is the responsibility of the coach of the new team to collect the equipment from the athlete's previous team.

## I. EQUIPMENT

**School equipment checked out by the student is his/her responsibility.** He/she is expected to keep the equipment clean and in good condition. Loss or damage of any equipment is the athlete's financial obligation. An athlete should not, under any circumstances, trade or loan equipment to other team members without permission from the coach. End of season awards will not be issued until equipment has been turned in, or lost and stolen equipment has been paid for.

**Note: Students must sign-off for all equipment. STUDENTS MUST RETURN ALL EQUIPMENT WITHIN FIVE DAYS AFTER THE FINAL CONTEST; OTHERWISE THE ATHLETE WILL NOT RECEIVE THEIR AWARD UNTIL AFTER THIS IS ACCOMPLISHED.**

## J. MISSING PRACTICE

An athlete should always consult his/her coach **BEFORE** missing practice, unless ill. Each athlete must communicate with his/her coach when it is necessary to miss a practice. Do not assume your coach knows where you are. If an athlete misses the practice the day before a game, without prior approval from the coach or athletic director, he/she will be ineligible to participate in that game. College visits and field trips are excused absences. Student athletes will be permitted one tardy to school for each sport season they are participating in (unless medical documentation for the tardy/absence has been turned into the office/coach).

## **K. TRAVEL**

All athletes must travel to and from out-of town athletic contests in transportation provided by the athletic department unless parents make previous arrangements for an exceptional situation.

- ◆ Athletes will remain with their squad and under the supervision of the coach when attending away contests.
- ◆ Athletes that miss the bus will not be allowed to participate in the contest unless there are extenuating circumstances. An athlete may not drive to an event and participate in that event.
- ◆ All regular school bus rules will be followed.
- ◆ Permission to ride home from an event may be granted by a coach. The athlete may only ride home from the event with their PARENT. The parent must sign the travel release form with the coach of the event. The travel release form must be turned in to the coach prior to the contest. The athlete is responsible for his/her own equipment if he/she chooses to ride home with a parent.

## **L. PICK UP FROM EVENTS AND PRACTICE**

The athlete is to be picked up immediately following practice or an event in a timely manner. Beginning and ending practice times will be given to the athlete at the beginning of each season. Please consult these times for pick-up. If the event is away, the coach will give the athlete an approximate pick up time. Please be considerate of the coach's time and pick your athletes up promptly.

## **M. COLLEGE RECRUITMENT POLICY**

In the event an athlete should be contacted personally by a college recruiter, he/she has an obligation to work through his/her coach and the athletic department. Coaches should be contacted as soon as possible. College recruitment information is available in the athletic office. NCAA registration forms, standards, and eligibility clearinghouse forms are available online and to students and families in the Athletic Director's Office.

## **N. CONFLICTS IN EXTRACURRICULAR ACTIVITIES**

An individual student who attempts to participate in several extracurricular activities may create conflict of obligations and interests. The athletic department recognizes that each student has the opportunity for a broad range of experiences in the area of extracurricular activities, and will attempt to schedule events in a manner to minimize conflicts. Student-athletes have a responsibility to do everything possible to avoid continuing conflicts. Positive efforts might include being cautious about joining too many activities where conflicts are unavoidable. It also means notifying the faculty sponsors/coaches involved immediately when conflict arises. When a conflict situation arises, the advisor/coach will work out a solution so the student does not feel caught in the middle. If a solution cannot be found, the principal will make the decision based on the following:

- ◆ the relative importance of each event to the student;
- ◆ when each event was initially scheduled;
- ◆ the importance of the event to the school;
- ◆ the relative contribution that student can make; and,

Once a decision has been made and the student has committed to that decision, he/she will not be penalized in any way by either advisor/coach.

#### **O. ATTENDANCE**

***Students who are tardy to school first period are permitted one tardy for each sport season.***

The second, third, fourth, etc. tardy will result in non-participation in practice or contest on that day, unless a doctor's medical note is submitted to the coach/office. Students missing school part of the day or all day may not participate in practice or the contest, including Saturday matches if school is missed on Friday, unless a doctor's medical note is submitted to the coach/office. Final authority for infractions of this rule will rest with the principal or designee.

#### **P. EARLY DISMISSAL FROM CLASSES FOR AWAY CONTESTS**

It is the responsibility of an athlete to see their teacher(s) and get their work at least one day before the class(es) they will miss due to an athletic contest. All work should be made up at the convenience of the teacher(s).

#### **Q. DISCIPLINARY ACTION FOR SCHOOL VIOLATIONS AND CRIMINAL VIOLATIONS**

If an athlete violates the school Code of Conduct, the principal/coach will have the authority to determine what disciplinary action will be taken regarding the athlete and his/her sport. Depending upon the violation, the principal/coach may dismiss the athlete from the sport or authorize a suspension. If the athlete has been charged with an alleged criminal violation, that athlete may be suspended pending investigation. If the athlete is found guilty of the offense, the athlete may be dismissed from the sport.

#### **R. VACATION POLICY**

Vacations by athletic team members during a sport season are discouraged during season competition. Athletes wishing to take a vacation during a season of athletic participation may wish to reassess the commitment to being an athlete. In the event of an unavoidable absence due to a vacation, an athlete must:

- ◆ Contact the coach prior to the vacation; and
- ◆ Be willing to assume the consequences related to status on the team (starter, reserve, etc.)

#### **S. SQUAD SELECTIONS**

In accordance with our philosophy and our desire to see as many students participate in the athletic program as possible, we encourage coaches to keep as many students as they can without unbalancing the integrity of their sport. Time, safety, space, facilities, equipment, personal preference and other factors will place limitations on the most effective squad size for any particular sport. **IT IS A PRIVILEGE, NOT A RIGHT, TO BE ON A TEAM.** Coaches will meet with individual players to discuss the athlete's strengths and weaknesses when squad sizes are reduced.

#### **T. REPORTING AN INJURY**

All injuries that occur during athletic participation **MUST** be reported to the coach and athletic trainer within 24 hours and an injury report must be filed. If the injury requires medical attention by a doctor or treatment center, the athlete must obtain the doctor's permission to return to the activity. Each coach will fill out an injury report. The school district provides the opportunity for parents to purchase student accident insurance. Parents need to notify the Athletic Director and fill out the appropriate forms within seven days of the injury. It is the parent/guardian's responsibility to deal with the supplemental insurance company.

#### **U. AWARDS**

See Appendix 1 (page 16)

#### **V. PAY TO PARTICIPATE**

To assist in defraying the costs of running the athletic programs at Edgewood Senior High School, athletes are charged a "Pay to Participate" fee. This fee must be paid by the start of the first practice. If the fee is not paid, athletes will not be permitted to participate in either practices or contests. Payments must be made at the Treasurer's Office at Braden Junior High School or online at the Buckeye Local Schools' website ([www.buckeyeschools.info](http://www.buckeyeschools.info)). Proof of payments shall be requested prior to student athlete participation.

#### **W. RETURN CHECK POLICY**

All returned checks will be submitted to e-Collect and your account will be debited electronically for both the full amount and the returned check fees.

#### **X. PARTICIPATION IN NON-INTERSCHOLASTIC SPORTS**

**An athlete cannot compete in a non-interscholastic sport** (ex: Senior League, AAU, Jr. Olympics, etc.) during the season if they are currently participating in a sport at the high school level. For example: If the athlete is playing baseball, **may not PRACTICE, SCRIMMAGE, OR PLAY IN A NON-INTERSCHOLASTIC GAME during the high school baseball season.** The athlete will forfeit their eligibility for that season.

If an athlete participates in a tournament outside their season, he/she may not accept gifts, prizes, travel money, meal money, etc. over the monetary amount set by the OHSAA. Before an athlete enters a tournament, he/she should check with the athletic director to make sure he/she will not forfeit their amateur status at the high school level.

#### **Y. OHSAA-REQUIRED PRE-SEASON MEETING**

Athletic Eligibility Brochures and all OHSAA Authorization Forms will be handed out at this time. If the parent/guardian cannot attend the scheduled meeting, he/she must make special arrangements to meet with the Athletic Administrator before the student-athlete may participate.

#### **Z. SPECIAL NOTE**

The information included in this handbook is the district policy for athletics in the Buckeye Local Schools. Each individual sports team will be also provide their athletes with team rules for their individual sport. The inability to follow those rules could lead to individual team discipline.

## **PROCEDURE TO FOLLOW IF YOU HAVE A CONCERN TO DISCUSS WITH THE COACH**

There are situations that may require a conference between the coach and parent. Such a meeting is encouraged when necessary. It is important that both parties have a clear understanding of the other person's position. Each should be willing to listen.

The following procedure should be followed to help promote a resolution to the issue:

1. Contact the coach to set up an appointment.
2. If the coach cannot be reached after a reasonable period of time, call the Athletic Director.  
An appointment with the coach will be arranged for you.

### **IMPORTANT**

Please **DO NOT** attempt to confront a coach before or after a contest or practice session. These can be emotional times for both parent and coach. Meetings of this nature do not promote resolution and in fact often escalate the issue. Also, restrict your meetings to non-public areas.

### **THE NEXT STEP**

What can a parent do if the meeting with the coach does not provide a satisfactory resolution? Although total agreement may not always be reached, most often such a meeting does afford the opportunity for productive discussion and better understanding. If the parent desires further communication, please call the Athletic Administrator to discuss the situation. The next appropriate step will be determined.

### **CHAIN OF COMMAND**

The Buckeye Local School District in conjunction with its' Department of Athletics follows the chain of command listed below. We ask that you observe the order of this line of communication if you elect to pursue any concern you may have with regard to the athletic program.
