South Adams: 14-9, 4-3

Woodlan: 7-16, 2-5

Game Notes:

In the first quarter, we were able to start strong with containing the ball and communication on defense. During the second quarter, we struggled defending the post and were not executing on the offensive end. We also came out slow to begin the second half. We were able to gain momentum half way through the third quarter with intensity on the defensive side, leading to key steals. It was a good win against Woodlan on their home court, and for playing them a third time this season.
