

Jefferson R-7 High School

Varsity Letter Jacket Location

The following information is a recommendation only. Ultimately, parents and students need to work with a professional to see what looks best on each individual jacket, with the exception of the primary letter.

Below is a recommendation for students who have multiple letters. Jefferson offers 3 letters for our students, academic, music and sports. Since we have several students involved in several activities, it is at the discretion of the student and family to determine where the letters are located. Students can choose which letter they consider to be primary.

- The primary letter is located on the left chest plate.
- The second letter is located below the right hand pocket.
- The third letter could be placed on the left sleeve or back of jacket

Please see the sheet on sport location to see how bars and different sports are arranged on the patch.
