52	Athletics: Team members, Managers, Statisticians, Cheerleaders • A student-athlete will be ineligible when his/her class grade point average (GPA) in any individual class is at a failing (E) level and/or when a student-athlete has three (3) incomplete pieces of classwork in any individual class. Each teacher will determine ineligibility status for his/her classes & communicate his/her decision to both the Athletic Director & the Superintendent. • A student-athlete must be enrolled in at least 6 classes to be considered eligible to participate in NMCS athletic programs. • Career Technical Center classes and Work Study programs will count as three classes. • Athletic eligibility will be reviewed at the end of the 2nd, 4th, 6th, & 9th week of each marking period. (Each 9th week will be the end of a marking period.) • Teachers & the Athletic Director will regularly communicate with students, coaches, & parents regarding eligibility concerns. • If, at any eligibility review date, a student-athlete is failing any class and/or is deemed ineligible because of incomplete work (at least 3 incomplete pieces of classwork), then the student-athlete will not be able to participate in athletic practices and, perhaps, athletic competitions. This information will be communicated to student-athletes & coaches by the Athletic Director. • A student-athlete will not return to practice and/or competition until he/she is determined to be eligible by the student-athlete's teacher(s). The Athletic Director will communicate eligibility status to the student-athletes, coaches, & parents. • A student-athlete will be ineligible until he/she has made appropriate efforts (i.e. completing classwork or meeting with a teacher to create an IAEP) to correct the ineligibility status by improving GPA to a passing level in the class in question. • If a student-athlete is ineligible because of incomplete work, but is still passing the class, then he/she will only be ineligible for practice sessions (not competitions) until the work is completed. Coaches will uphold and enforce this procedure. • When a student-athlete is deemed ineligible, he/she must create an Individualized Academic Eligibility Plan (IAEP) with the teacher and follow through with the IAEP in order to return to eligible status. (A copy of the IAEP must be provided to the Athletic Director & Superintendent). The student-athlete will be responsible for initiating communication with the teacher. Once the IAEP expectations have been fulfilled satisfactorily, the teacher will make the Athletic Director and Superintendent aware, and the student-athlete will return to eligible status. • It is expected that the ineligible student-athlete use athletic practice sessions to conference with teachers and/or complete work. • If at any time a student-athlete is failing two classes based in cumulative grade percentages, the MHSAA requires that student is ineligible for competition for at least one (1) week. If this situation applies, MHSAA eligibility policy will remain in place until the student returns to an eligible status.	3/11/2016 12:28 PM

64	<p>A. An athlete is required to maintain a current (weekly) academic eligibility. Current eligibility is to be accumulative, determined from the beginning of the semester to the present time. An athlete will be placed on academic probation when he/she: 1) A warning in one class is failing in one class; 2) has warnings of failure in two or more classes, or the equivalent of two classes; 3) two consecutive warnings in the same course. A student on academic probation must spend 100 minutes or more per week at school in supervised study, preparing for his academic classes. This must be done before or after school. (During non-academic times with an approved Supervisor, Coach, Teacher or School Employee). A student failing to do this will be declared ineligible for the following week. The student shall attend practice and meetings but may not participate in any contests or interscholastic scrimmages on academic probation. A student who is failing in two classes or the equivalent of two classes, will be considered ineligible for at least one week and remain ineligible until his/her grades meet eligibility requirements. A student declared ineligible must spend 100 minutes or more per week at school in supervised study, preparing for his academic classes. A student failing to do this will be declared ineligible for an additional week. The student shall attend practice and meetings but may not participate in any contests or interscholastic scrimmages.</p> <p>B. Procedures 1) A list of all athletes will be prepared by the Athletic Director 2) This list will be distributed to the teachers on Thursday of each week and returned to the Athletic Director no later than Tuesday. Coaches will be informed as soon as possible of those athletes who are on probation or ineligible effective on Sunday through Saturday of the next week. 3) An athlete will receive one of three marks from a teacher: P=Passing; W=Warning; E=Failure. An athlete must be given a warning (D+ or below) before he/she receives an E. C. A student failing two classes or the equivalent of two classes on their semester grade will be declared ineligible during the next marking period and remain ineligible until his/her grade meets eligibility requirement. 1) A student that is declared ineligible may not participate in athletics. 2) A student's academic eligibility will extend over the summer into the next school year. 3) Failures from a previous semester may be made up during summer session. A student must obtain approval from the Principal prior to enrolling in a summer school class. Students must present report card or confirmation of grade from instructor. 4) A student entering the 9th grade for the first time may compete without reference to his/her record in the 8th grade. 5) A student that transfers into MHS may participate in athletics if they meet the MHSAA regulations.</p>	3/11/2016 11:26 AM
