On average, reporting scores and stats to the media takes 26-minutes.

PressboxApp.net simplifies score reporting all the way down to 6-minutes per report.

One report and you're done.

Every media outlet (and your AD) has your report gift-wrapped and waiting for them to publish. You can even add your own media outlets (like Grandma Jones).

Here's how it works:

- Log on to PressboxApp.net
- Fill out the form, attaching any relevant documents
- Select media outlets and click Submit
