

7 March 2017

Dear Parents/Guardians of Student-Athletes:

Annual athletic pre-participation physical examinations are being offered again this year for all student-athletes attending MCCSC High Schools in the upcoming academic year (2017-2018). The physical examinations are scheduled for:

**Wednesday April 12, 2017
6:00–8:00 p.m.
Bloomington High School North Gymnasium.**

Premier Healthcare will again offer screening echocardiograms in conjunction with the athletic pre-participation physical examinations. All incoming freshman student-athletes, transfer student-athletes and those who have not previously received a screening echocardiogram are eligible to participate. Only one screening echocardiogram is necessary during all four years of high school athletic participation. The screening echocardiograms will be available on:

**Thursday April 20th, 4:00-6:00pm
Tuesday April 25th, 4:00-6:00pm
Thursday April 27th, 4:00-6:00pm
Premier Healthcare Cardiovascular Testing
550 South Landmark Avenue**

In order to take advantage of this complimentary service, student-athletes need to visit on one of the three dates listed above. The screening echocardiogram will take approximately five minutes and no appointment is necessary. **A parent or legal guardian must complete and sign a Sports Screening Echo Voucher.**

We look forward to seeing your student-athlete.
