

WE ARE WHAT WE BELIEVE

Fishers Lady Tigers

We have established ourselves as members of a successful program. * We have scorers, shooters, slashers, defenders, hustlers, die hards, posts and perimeters, ball handlers and rebounders, and most important of all, we have a team. * We believe in helping one another. * We believe in crashing the boards, diving on the floor, and going head first into the bleachers. * We believe that an opponent driving to the basket is our chance to take a charge. * We believe that the assist is more beautiful than the shot and the recognition of that assist is what binds us together. * We believe our J.V. is just as important as our Varsity and our freshman are just as significant as our seniors. * We believe that a house divided cannot stand so we chose to stay together. * We believe that our team is our family and the game is our therapy. * We believe this should be fun. * We believe there is a correlation between inspiration and perspiration. * We believe that shooting in the dark, in the cold, in the heat, in the humidity, in the rain, and in the snow is part of the deal. * We believe in the Saturday morning walk-through and shooting after practice. * We believe in working hard in the summer to succeed in the winter. * We believe that the game is addictive. * We believe that it hurts to lose because we play to win. * We believe that the only opinion that counts is that of our teammates and our coaches. * We believe in words like pride, honesty, integrity, and valor. * We believe in speed and accuracy. * We believe the journey is greater than the destination. * WE BELIEVE IN OURSELVES AND EACH OTHER!
