Rule 8.6.5 Transfers to a school with affiliation. Despite compliance with the other provisions of these Rules, a high school student who attends, participates or was eligible to participate for a school, and then transfers to another school is ineligible for one calendar year from the last date of participating or receiving instruction as described below under any of the following circumstances:

- (a) The student transfers from a public, private or charter school within one calendar year after:
 - (1) Participating in non-school athletics (e.g. AAU, American Legion, club team, or other non-school teams) on a team affiliated with the school to which the student transfers, AND/OR
 - (2) Receiving athletic or activities instruction, including weight training and conditioning, from a person affiliated with the school to which the student transfers.
 - (3) EXCEPTION: The eligibility of a full member private or associate member school student who transfers to a public or private school at which the student has previously been a participant in a school sport or activity is not affected by this rule.
- (b) The student transfers from a home school within one calendar year after:
 - (1) Participating in non-school athletics (e.g. AAU, American Legion, club team, or other non-school teams) a team affiliated with the school to which the student transfers, AND/OR
 - (2) Receiving athletic or activities instruction, including weight training and conditioning, from a person affiliated with the school to which the student transfers.EXCEPTION: The eligibility of a home school student who transfers to a public or private school at which the student has previously been a participant in a school sport or activity or was eligible to participate in a school sport or activity is not affected by this rule.

1. **Q.** At what point is a student considered a member of a non-school affiliated team?
A. If a student participates in a practice or contest, that student is considered a team member and is a part of the roster.
2. **Q.** What constitutes a “team affiliated with the school”?
A. A team is considered to be “affiliated with the school” if more than half the number of students on the team’s roster are from that school.
3. **Q.** Who is considered to be a part of the school coaching staff?
A. A coach (paid or volunteer) is anyone who at any time for any reason is, or could be, solely responsible for coaching a team.
4. **Q.** Does Transfer **Rule 8.6.5** apply to incoming 9th graders?
A. No, all students are eligible when they enter the beginning year of a four-year (grades 9-12) high school for the first time.
5. **Q.** How may a student document that the transfer process was initiated prior to participating on a non-school team associated with the school to which the student is transferring?
A. The student should obtain a written, dated document from the administrator or other school representative with whom the student (or parents) corresponded prior to participation at the school to which the student is transferring, and a copy of the document is provided to the school from which the student is transferring.
6. **Q.** If a student receives instruction from a coach, then the coach moves to a different school, may the student transfer to the “new” school of the coach without jeopardizing his or her eligibility?
A. No. The student’s eligibility may be in jeopardy if the student transfers to the school where that coach currently coaches regardless of whether the coach’s current school is where the coach was employed at the time of the instruction. The student’s potential ineligibility is linked to the coach from whom instruction was received, not to the school of the coach at the time of the instruction.
7. **Q.** Under Transfer Rule 8.6.5., if a student receives instruction from a coach who is also his/her parent, then the coach/parent moves to a different school, may the student transfer to the “new” school of the coach/parent without jeopardizing his/her eligibility?
A. Yes, provided that within the last calendar year the student has not received instruction from any other person affiliated with the school to which the student transfers and/or the student has not participated on a team affiliated with the school to which the student transfers.
8. **Q.** Does receiving athletic instruction or attending a camp or clinic at which a person affiliated with the school to which a student transfers place the student’s eligibility in jeopardy under **Rule 8.6.5**?
A. Yes. Further, any time a student and coach attend the same camp, instruction is considered to have taken place.
9. **Q.** If less than one calendar year has passed since a student received instruction from a coach and the student transfers to the school of that coach, is the student eligible?
A. No. The period of ineligibility for a student who transfers to a school with which an instructor is affiliated (or with which a non-school team is affiliated) is one calendar year from the last time the student received instruction from the coach (or played for the school). For example, if the student transfers to the school within one calendar year of receiving instruction, the student is ineligible until one calendar year has passed since the last date of instruction.
10. **Q.** If a student is ineligible for one year because the student participated on a non-school team associated with a school prior to transferring to that school, may the student file a hardship appeal to regain eligibility?
A. If application of the rule will work an undue hardship upon the student due to circumstances beyond the control of the student or the student’s parents, the school at which the student wishes to participate may submit an Eligibility Request Form to the District Committee to petition for reinstatement of eligibility.
