

Application for INDEPENDENT Sport

The administration and athletic staff of Barat Academy recognize that some students may wish to be involved in sport offerings that cannot be obtained through our department. Students may apply for an independent sport under the following conditions and within the auspices and overview of the department. It should be noted that instructors providing this opportunity to our students may be asked to verify and quantify a level of participation in line with our present co-curricular requirements.

Procedure:

1. Please submit a detailed letter request to the Director of Athletics two weeks in advance of the season (by July 28th for the fall season, by Oct. 20th for the winter season, by Feb. 16th for the Spring season). Please include dates of study, tournament competition, performances or games, supervising instructor's signature, and potential study benefits.
2. Please sign and submit the Barat Academy Athletic Policy Form.
3. Students and families are advised that approval for the Independent Sport is subject to approval by both the Athletic Department and the Administration.
