

Pre-participation Head Injury/Concussion Report—for Extracurricular Activities

This form should be completed by the student’s parent(s) or legal guardian(s).

It must be submitted to the Athletic Director, or official designated by the school, prior to the start of each season a student plans to participate in an extracurricular athletic activity.

After the initial submission of this form, the parent(s) or guardian(s) are responsible for notifying the athletic director of any additional head injuries prior to the next practice or contest. Anne Arundel County Public schools believes that families should work with the school system in an effort to ensure student-athlete safety and appropriate care, under the most up-to-date protocol.
