Summer Progress

Coach McFarland, “Best summer so far here at Rensselaer!”

The 2016 summer was huge for the Bombers. The players made great progress in all aspects. The program has really grown in the three years in the off-season work. Each year the program has a goal of making 25,000 shots during the summer through 1-hour workouts. This year the program made over 33,000 shots! That is the most shots made by the program in the three-year period.

This summer has provided a much needed momentum push after last season. This year the Bombers look to return every piece to a team that went 9-15. In the 6 losses, Rensselaer lost 7 games by 6 points or less.

Summer Shooting Results

Players with most made shots per grade:

- Senior-Grant Myers 2,500
- Junior-Jaylen Gilbert 2,012
- Sophomore-Ethen Wiseman 2,558
- 9th Grade-Noah Bierma 2,054
- 8th Grade-Josh Fleming 1,263
- 7th Grade-Brody Chamness 1,862
