Total Charges				\$ 66.68

Price to Compare Message	
Your current PRICE TO COMPARE for generation and transmission from Met-Ed is listed below. For you to save, a supplier's price must be lower.	
Standard Residential - 0002081809	7.99 cents per kWh
Customer reserves the right to shop for an electric supplier.	

Eliminated from bill

You choose the supplier/cost

Unchanged - if using competitive supplier this is rolled into generation

Remains regulated by PUC

Distribution Charge - Charges for the use of local wires, transformers, substations, and other equipment used to deliver electricity to end-use consumers from the high voltage transmission lines.

Customer Charge - A monthly basic distribution charge to cover costs for billing, meter reading, equipment, maintenance, and advanced metering when in use.

State Tax Adjustment Surcharge - A charge, or a credit, or electric rates to reflect changes in various state taxes included in your bill. The surcharge may vary by bill component.

Consumer Education Charges - A monthly charge for ongoing consumer education concerning your bill, shopping for electricity, energy efficiency and conservation.

Transmission Charge - Charges for moving high voltage electricity from a generation facility to the distribution lines of an electric distribution company. Based on federally regulated charges.

Transition Charge - A charge on every residential customers's bill designed to recover an electric utility's transition or stranded costs as determined by the PUC.

Generation Charge - Charges for the production electricity.

KWH - (Kilowatt-hour) - The basic unit of electric energy for which most customers are charged. The amount of electricity used by ten 100-watt lights left on for 1 hour. Customers are usually charged for electricity in cents per kilowatt-hour.

RSD - The rate for service to a private home.
