Revealing River Rock

Wellborn Cabinet is Bringing Nature In

Natural elements abound with Wellborn Cabinet's new River Rock finish. Homeowners and designers alike are feeling the urge to bring the outdoors in and this warmer blonde does just that. Pairing it with natural textures and tones, which are trending right now, complete the feel of bringing in more than just one environmental component. This finish will be available in Cherry, Character Cherry, Maple, Oak, and Hickory. To add richness, and intrigue, some of our door styles will have a Charcoal glaze option. This brand new color will premier February 28, 2022 and will be available for view at KBIS 2022. For more information on how to register to attend KBIS, click [here](#).
