ABOUT THE SPACE

This modern kitchen featuring our Aspire Full Access Frameless line brings glamour to center stage. With the contrasting colors and door styles, this space is an effortless stunner. On the Peninsula island base we have the beautiful Arcadia door style in Eclipse, the right side upper wall cabinets are Midtown in Crushed Ice, left side uppers are Midtown and in Raven, while the Lower cabinets are in silky Onyx. Something that sets this kitchen apart are Wellborn Cabinet's new metal doors, Carlisle, on the right uppers and the front of the island. This elegantly simple door style really brings this kitchen into the modern design world. The different wood grains mixing with the painted lower cabinets give this kitchen spacious feel. The upper cabinetry features a push to open feature that makes hardware unnecessary, giving the cabinets a sleek look. Wellborn's lighting program with Hafele makes sure that every inch of your cabinetry shines. The overall look of this kitchen is breathtaking, and with Wellborn product being made in America, it becomes a space that anyone would be proud to show off.
