## INTRODUCTION AND WELCOME

*CONGRATULATIONS and welcome to the 2017-18 Lady Storm Basketball family.* We are excited and we look forward to working with our new group. The purpose of this handbook is to familiarize both the parents AND players with the Lady Storm Basketball program, and to provide a better understanding of the program. It is hoped that this handbook will answer any of the questions that may arise during the course of the season.

### TO THE PLAYER:

As a Skyview student, you should be familiar with the contents of the 2017-18 Student and Parent Handbook of Skyview High School. This booklet gives you information on the rights and responsibilities that you have as a Skyview student-athlete. In addition, the Skyview basketball staff has compiled a set of guidelines for you. This handbook and the guidelines will help you understand the importance of your role as a Lady Storm basketball player and the expectations placed upon you by the Skyview Coaching Staff.

### TO THE PARENT:

The Lady Storm Basketball staff wishes to express how pleased we are to have your daughter playing basketball for Skyview High School. As you will notice by reading this booklet, we feel that participating in the Lady Storm basketball program presupposes and carries several responsibilities. Because of these responsibilities, we ask that you read this booklet and become aware of what we expect of your daughter. We hope that you might use *your influence* to help us ensure that your daughter lives up to her responsibilities. If, at anytime, you feel the need to discuss anything regarding *your* daughter, we would be more than willing to talk with you. If your concerns are game-related, we would ask that you call the coach 24 hours **AFTER** the game. Keep in mind, two things that we as coaches will not discuss with you are:

- *Playing time*
- *Other players*

If at any time your daughter comes to you with concerns regarding basketball, please advise her to try to work it out with all involved parties first. If the problem is with a coach, encourage your daughter to talk to that coach *first*. If they are unable to resolve this issue, she should solicit your help and then schedule an appointment for player, coach and parent to meet.

We would also like to **thank you** for all the sacrifices that you will have to make in order for your daughter to play Lady Storm basketball. We believe that your daughter will benefit in multiple phases of her personal growth from the experience of participating in the Lady Storm basketball program.

### STUDENT-ATHLETE SAFETY

Skyview's Coaching Staff makes a concerted effort to be punctual in dismissal of practice. We would ask that parents be punctual in picking up your daughter as well. Staff members cannot leave until all players have left the school property.

### ACADEMIC GUIDELINES

Lady Storm basketball players AND parents are reminded that academic performance is as important, if not more, than performance as a basketball player. Players cannot play basketball unless they successfully participate in the classroom first. Players should familiarize themselves with the school policy on academic eligibility. The Lady Storm basketball program expects more than just a minimum performance in the classroom as well as on the court. Therefore, as time allows, students need to take advantage of tutorial time during school and get the extra help they need. If after-school tutoring is necessary from a teacher, a player may come late to practice, provided she brings a note to practice from her teacher.

Students are expected to be in attendance for a half day of school to participate in any extra-curricular activity, including sports, drama, and music (WIAA rule and school policy).

### TRAINING GUIDELINES

Players are expected to maintain a very high degree of physical fitness during basketball season. Therefore, the following training guidelines should be followed as closely as possible:

- ❖ Try to get at least 7 to 8 hours of sleep every night.
- ❖ Eat regularly and nutritiously. Eat 2-3 hours before games.
  - Please **DO NOT SHARE** water bottles or towels!
  - **WASH** your hands!
  - **Dress appropriately for the weather!**
- ❖ Avoid anything or anybody that will hurt your performance as a basketball player. Refrain from associating with persons who might not respect you for maintaining good training habits.  
*Remember that your teammates are counting on you!*

### INJURIES

Our certified trainer, Jeff Kraayeveld, is available to the players on a part-time basis. If an injury occurs, the coaching staff has first aid experience. When an injury warrants professional medical attention, if at all possible, the player should see a **sports-medicine physician**. These doctors have experience in diagnosing and treating sports-related injuries. **In the case of rehabilitation, a player will still be expected to attend and observe all practice sessions.** Remember that the coaching staff is just as concerned about your daughter's health as you are!

### PRACTICE PROCEDURES

Players are expected to be at all practices. **Unexcused** missed practices are grounds for dismissal. If a player misses practice due to a family function, her status on the depth chart may be affected. All **players** are to contact **their** coach if they are going to miss practice due to illness or any other reason.

**TIMELY COMMUNICATION is KEY!**

Players **MUST** be on time! If a tardy is a result of a school-related activity, players should bring a note from the adult in charge; otherwise it will be an unexcused tardy. Consequences for an unexcused tardy will be determined by the coaches and team captains. When possible, medical, dental, and hair appointments, etc. should be made during non-practice days, holidays and/or weekends.

### **GAME PROCEDURES**

Players are informed of what time they are to be at the gym for a game and/or bus departure. **ALL** players are required to ride the bus TO games. All players are expected to ride home with a parent. A player may ride home with another parent *only if* she brings a pre-approved note. Coaches will stay until every athlete is picked up. Players are encouraged to stay **inside** the school until their ride arrives.

### **CLUB SPORTS**

We are looking for **FULL-TIME**, committed players during the basketball season! The expectation of the coaching staff is that Lady Storm Basketball takes priority over **ANY** Club Sport game or practice.

### **PRACTICE GEAR & GAME UNIFORMS**

Each member of this program has received practice gear, which is to be worn every day to practices. They have also been issued home & away game uniforms, and in some cases, warm-up tops. All of these items are to be returned undamaged at the end of the season. If they are not, a charge will be assessed. Please wash in **COLD WATER** and **HANG DRY**. *Take pride in your gear, and under no circumstances should this gear be worn other than for practices/games.*

### **LOCKER ROOM**

All players are reminded to lock up their valuables in their lockers—don't leave things out in the open! Team room lockers and program locks will be issued upon request.

### **SNOW DAYS**

In the event of snow days and cancellation or postponement of games and/or practices, we request that players utilize the provided phone tree. If school has been cancelled due to bad weather, you can assume, unless notified, that practice is cancelled too. (**Coaches and/or team captains will contact you in this case.**) Call if uncertain. *See contact numbers & email addresses on page 2.*

### **Lady Storm Program Objectives**

- ❖ To instill in our student athletes those values that will help them become productive citizens.
- ❖ To emphasize one's maximum "effort" as a desirable outcome of competition and the value of winning graciously.
- ❖ To teach the importance of good citizenship and respect for rules and authority.
- ❖ To encourage student-athletes to achieve academic success and to keep athletics in proper perspective.
- ❖ To teach and emphasize the fundamental skills of basketball as necessary ingredients for achieving team and individual success.
- ❖ To stress the importance of physical fitness, conditioning, good health habits, and safety in athletics.

- ❖ To provide opportunities to develop lasting friendships/memories with teammates and opponents.

## Vancouver School District

### Athletics

#### I. Definitions

- A. The term “cleared” as used in this regulation means the student (a) has turned in the completed athletic packet, which includes parent permission and physical examination verification, and (b) has paid the ASB and athletic fees, which may be deferred at the discretion of the building administrator. There are three types of clearances.
  - 1. Annual Clearance. The student must clear annually before participating in interscholastic athletics.
  - 2. Initial Clearance. The first time the student clears annually in middle school is considered the initial clearance and the student, from that time until the end of their middle school commencement or withdrawal, is required to follow the Code of Conduct for Student Athletes. Likewise, the first time student clears in high school is considered the initial clearance and the student, from the time until the end of their high school commencement or withdrawal, is required to follow the Code of Conduct for Student Athletes. If a student re-enrolls after withdrawing from a district school, the student must re-establish an initial clearance.
  - 3. Repeat Athlete Clearance. Additionally, after the annual clearance the student must update medical and insurance information each subsequent sports season during the year by completing a Repeat Athletic Clearance form.
- B. The term “in good standing” as used in this regulation means the student athlete has met the coach’s requirements regarding attendance, effort in practice, and adherence to the Code of Conduct.
- C. The term “parent” as used in this regulation means a parent, guardian or person having legal custody of a child. If the student is 18 years or older, or is legally emancipated, the procedures for the parent in this regulation may be exercised by the student.
- D. The term “removal” for purposes of Section III. D. of this regulation means the student is not in good standing, is restricted to practice, and during competitions cannot participate, wear the uniform, or be on the sidelines with the team. When a student is to be removed from competition for portion of the subsequent season, the student must complete the season in good standing for the sanction to have been fulfilled. All removals are effective district-wide.
- E. The term “removal for 50% of the games,” for purposes of Section III. D. of this regulation means:
  - 1. For cases in which the consequence will be completed within the current season and the student will return to competition, the student continues to practice but is prohibited from participating in games or wearing the team uniform during the suspension period.
  - 2. For cases in which the 50% penalty will carry over into a subsequent season, the athlete will cease practicing during the current season, but will resume practice day on day one of the next season in which he/she chooses to turn out. The student will not be allowed to participate in competition and will be prohibited from wearing the uniform until the remainder of the 50% penalty is served.
- F. The term “school day” refers to any day in which students are in attendance at school.

- G. The term "season," for purposes of percentage computation in the Sanction Grid of Section III. D. of this regulation means the WIAA regularly scheduled competition does not include post-season play. For all other purposes, "season" means the period of time from the first WIAA allowed practice day through the awards ceremony for that sport, or the last scheduled event for that sport, whichever occurs later.
- H. The term "student athlete" as used in this regulation means a student who has cleared for interscholastic athletics.

## II. Code of Conduct for Student Athletes

The conduct of a student athlete is closely observed by many elements of our society and it is important that this behavior shall be exemplary at all times. Student athletes must think of themselves as leaders; therefore, a student athlete has certain obligations and responsibilities to the team, the school, the home, and to the community. District policies and regulations govern all students' behavior. Additionally, student athletes, once initially cleared, are subject to the following Code of Conduct at all times, until withdrawal or graduation, including but not limited to, school hours, evenings, weekends, school holidays, and vacation periods such as Thanksgiving, Winter Break, Spring Break, and Summer break.

- A. On the field, the student athlete:
  1. is under control at all times, exhibits poise and composure regardless of the situation;
  2. is respectful to officials;
  3. is modest in victory and gracious in defeat;
  4. does not use profanity.
- B. At school and in the community, the student athlete:
  1. promotes pride with other students in his/her school and community;
  2. displays appropriate appearance and behavior before fellow students, teachers, administrators and the public at all times.
- C. In the classroom, the student athlete:
  1. meets the academic standards as established by Vancouver Public Schools and the WIAA;
  2. is respectful toward teachers and fellow students;
  3. maintains a good attendance record;
  4. is not truant from or tardy to classes;
- D. On athletic trips, the student athlete:
  1. acts as an ambassador for his/her home, school and community;
  2. dresses appropriately in accordance with school and district guidelines;
  3. refrains from misconduct while traveling to and from athletic contests;
  4. remains with the squad at all times when attending away contests.
- E. Regarding physical condition, the student athlete:
  1. maintain good physical condition for prevention of injuries and optimum performance;
  2. does not use drugs and/or alcohol, as addressed under Section III below;
  3. does not use tobacco or tobacco look-alikes, as addressed in Section III below.
- F. At district, league, or WIAA sponsored activities or athletic events in which he/she is a spectator  
the student athlete:
  1. sets an example of positive sportsmanship toward the competitors, rally squads and spectators;
  2. is respectful toward officials;
  3. does not use profanity, vulgarity, harassment, or intimidation.
- G. Violation of Code of Conduct  
A student athlete who violates the Code of Conduct as set forth above will be subject to appropriate discipline by the coach or school administrator. Such discipline may include, but is not limited to, suspension from participation in team activities, travel, and competitions.

## III. Training Rules and Serious Misconduct

- A. The athletic program is an optional experience in which students may or may not choose to participate.  
By electing to participate in this program the student athlete must respect and abide by this regulation. Each student athlete and parent will be issued a copy of Regulation 5135 and each must sign indicating he/she has read the regulation before the student can participate in the particular athletic program.
- B. Training Rules. The student athlete shall maintain good physical condition for prevention of injuries and optimum performance. He/she shall abide by the following Training Rules and any other rules as established by his/her coach.

1. Tobacco. The use or possession of tobacco or tobacco look-alikes in any form is prohibited at any time. Including, but not limited to, school hours, evenings, weekends, school holidays, and vacation periods such as Thanksgiving, Winter Break, Spring Break, and Summer Break.

2. Alcohol, Controlled Substances or Illegal Drugs, Anabolic Steroids.

The sale, use or possession of alcohol (or any beverage that contains alcoholic content of any amount), controlled substances, anabolic steroids, or illegal drugs (or what is alleged to be illegal drugs), possession of drug paraphernalia, or the sale and/ or abuse of legal or prescriptive drugs by a student athlete is prohibited at any time, including, but not limited to, school hours, evenings, weekends, school holidays, and vacation periods such as Thanksgiving, Winter Break, Spring Break, and Summer break. Small amounts of alcohol may be consumed as part of an off-campus ceremony, sanctioned by the student athlete's church or religious community.

C. Serious Misconduct

Serious misconduct includes, but is not limited to, any violation of the Washington Penal Code (RCW Chapter 9, 9A) or Vancouver School District Policy and Regulation 5146.1, Zero Tolerance; Regulation 5159.6 Prohibition of Harassment, Intimidation, and Bullying; Policy and Regulation 5161, Sexual Harassment; or Policy 5159.1, Prohibited Activities. Such misconduct is cause for athletic disciplinary action. The building principal, or his/her designee will use the disciplinary procedures as specified in the Sanction Grid below if there is serious misconduct by a student-athlete, in addition to sanctions authorized by Policy and Regulation 5159.1, Regulation of Student Behavior. The student athlete is prohibited from engaging in these activities at any time including, but not limited to, school hours, evenings, weekends, school holidays, and vacation periods such as Thanksgiving, Winter Break, Spring Break, and Summer Break.

In the event the school learns of potential serious misconduct because a student is arrested, or the school refers the matter to local law enforcement authority, the school will not take action that may hinder the law enforcement investigation, and will suspend disciplinary action until the investigation and judicial process are concluded, unless the school has evidence of the student's misconduct. For example, if a student athlete brings a large knife to school and after removing it from the student, the principal refers the matter to the police, the school could discipline the student based on evidence available to the school administrator. If, however, the school learned a student was arrested for robbery over a weekend, the school would have evidence or the resources to conduct an investigation to gather evidence in this situation. When a school administrator determines by actual knowledge, police report, or contact with a law enforcement official or probation officer that a student athlete has been convicted, the coach then can impose an appropriate sanction based on the grid below.

D. Sanctions for Student Athletes

The following athletic sanctions will be imposed for the use of tobacco, alcohol and drugs and for serious misconduct by the student athletes in the high schools of the district.

Sanction Grid

	Tobacco	Drugs/Alcohol	Serious Misconduct
1 <sup>st</sup> Offense	<p>Removal for 50% of the games in the season from the date of the determination by a school official that there has been a conviction, or violation of a district policy or regulation. If the sanction cannot be fulfilled in the regular season because of fewer than 50% of the competition remain, including post season competitions, the student athlete will be removed from the proportionate percentage of competitions in the next season for which the student clears, regardless of what sport comprises that season.</p> <p>Participation in and completion of a smoking and cessation program.</p>	<p>Removal for 50% of the games in the season from the date of the determination by a school official that there has been a conviction, or violation of a district policy or regulation. If the sanction cannot be fulfilled in the regular season because of fewer than 50% of the competitions remain, including post season competitions, the student athlete will be removed from the proportionate percentage of competitions in the next season for which the student clears, regardless of what sport comprises that season.</p> <p>Participation in and completion of a drug/ alcohol cessation program.</p>	<p>Removal for 50% of the games in the season from the date of the determination by a school official that there has been a conviction, or violation of a district policy or regulation. If the sanction cannot be fulfilled in the regular season because of fewer than 50% of the competitions remain, including post season competitions, the student athlete will be removed from the proportionate percentage of competitions in the next season for which the student clears, regardless of what sport comprises that season.</p>
2 <sup>nd</sup> Offense	<p>Removal for remainder of the current season from the date of the determination by a school official that there has been a conviction, or violation of a district policy or regulation. If less than 50% of the season remains, the student additionally will be removed from the next season (for which the student clears) for the proportionate percentage of competitions necessary to fulfill the removal from 50% of the current season sanction.</p>	<p>Removal for remainder of the current season from the date of the determination by a school official that there has been a conviction, or violation of a district policy or regulation. If less than 50% of the season remains, the student additionally will be removed from the next season (for which the student clears) for the proportionate percentage of competitions necessary to fulfill the removal from 50% of the current season sanction.</p>	<p>Removal for remainder of the current season from the date of the determination by a school official that there has been a conviction, or violation of a district policy or regulation. If less than 50% of the season remains, the student additionally will be removed from the next season (for which the student clears) for the proportionate percentage of competitions necessary to fulfill the removal from 50% of the current season sanction.</p>

3 <sup>rd</sup> Offense	Removal for one calendar year from the date of the determination by a school official that there has been a conviction, or violation of a district policy or regulation	Removal for one calendar year from the date of the determination by a school official that there has been a conviction, or violation of a district policy or regulation	Removal for one calendar year from the date of the determination by a school official that there has been a conviction, or violation of a district policy or regulation
----------------------------	---	---	---

In the event the student or parent has appealed the sanction and the student remains participating and competing while the appeal is pending, the removal period shall commence upon the completion of the appeal process.

E. Student Self-Referral

A student athlete who in good faith voluntarily seeks help for a problem with use of alcohol, tobacco, controlled substances, anabolic steroids, illegal drugs or abuse of legal or prescriptive drugs shall be given the opportunity for assistance through the school. To seek help voluntarily in good faith means to seek help prior to detection, arrest or any other event in which it is reasonably likely that information of the student athlete's use of alcohol, tobacco or drugs, as referred to above, will be disclosed to school officials. Full compliance with a plan of assistance approved by the school intervention specialist and associate principal for athletics may enable the student athlete to participate in the athletic program. Any subsequent use of alcohol, tobacco or drugs, as referred to above, will revoke the privilege of participation under the section, and the provision of the Sanction Grid will apply. Issues regarding individual cases of voluntary self-referral, including whether the particular incident qualifies as a self-referral, may be reviewed by a Review Board consisting of coaches and administrators selected by the principal.

F. Review Board

When a student athlete has used, sold or possessed alcohol, controlled substances, illegal drugs or anabolic steroids and his/her sanction has been fulfilled, the student athlete shall meet with a Review Board and request approval to participate. The Review Board shall consist of coaches and administrators selected by the principal. The Review Board will recommend to the principal appropriate action after considering all evidence, information and recommendation, including any by the intervention specialist. The school principal shall have final authority at the building level as the student athlete's participation in the interscholastic sports program.

G. Intervention

Whenever a student athlete sells, uses or possesses tobacco, alcohol, controlled substances, anabolic steroids, or illegal drugs, or sells or abuses legal or prescriptive drugs, the athlete shall be required to meet and confer with the school's intervention specialist. The student athlete shall follow all recommendations of the specialist. The student athlete shall follow all recommendations of the specialist in order to apply for eligibility for participation in another interscholastic sports program. If he/she does not follow the recommendations, the Review Board, after reviewing the student athlete's case, may recommend to the school's principal that the student athlete be denied participation in the interscholastic sports program.

H. Notification to Parent

When a violation of the Training Rule or serious misconduct occurs, the parent will be notified by the school's Athletic Director as to the specific charge, recommended sanction and the right to appeal. (see R5201 and R5202)

4. If the recommended sanction is removal, this shall begin immediately and shall continue until the removal time has expired or the sanction is overturned in the appeal process.

#### IV. Appeal

- A. The student or parent may appeal the disciplinary sanction imposed under Section III. D above by submitting in writing, within three (3) school days of receiving notice of the sanction, the reason for the contesting the disciplinary sanction to the district's Chief of Secondary Education, PO Box 8937, Vancouver, WA 98668-8937.
- B. Within Five (5) school days of receiving the appeal, the Chief of Secondary Education shall
1. Meet with the parents
  2. Review the appeal, the disciplinary letter, evidence relied upon by the school's Athletic Director, and any prior athletic discipline documents; and
  3. Consult with the district's Athletic Director and legal counsel.
- C. Within Ten (10) school days of receiving the appeal, the Chief of Secondary shall issue a written decision to uphold, rescind, or modify the school Athletic Director's recommended disciplinary sanctions.
- D. The parent may appeal the decision of the Chief of Secondary Education to the Superintendent within three (3) school days of the parent's receipt of the decision. If the appeal is not made within three (3) school days, the right to appeal shall be waived. The Superintendent shall appoint a Hearing Officer.
1. The Hearing Officer has the authority to consider two question in regard to the appeal:
    - a) Did the student athlete violate a Training Rule or commit a serious breach of conduct, as alleged by the school authorities?
    - b) Were the appropriate due process procedures followed?
  2. If it is established that (a) the student athlete violated a Training Rule or committed serious misconduct and (b) due process procedures were followed, the Hearing Officer's only decision shall be to uphold or affirm the district's sanction, which removes the student athlete from further participation in the interscholastic sports program(s) as specified in the participation in the Sanction Gird. If it is established that (a) the student did not violate a Training Rule or commit serious misconduct, or (b) there was a substantive violation of due process procedures, the Hearing Officer shall overturn the district's sanction and the student shall be reinstated.
  3. The Hearing Officer's decision shall be rendered within four (4) school days of the hearing.
- E. The parent(s) may appeal the Hearing Officer's decision with in three (3) school days to the Board of Directors. The Board or its disciplinary council shall hear the matter in conformance with the procedures set out in WAC 392-400-315 and 392-400-320.

## **PARENTAL SUPPORT & COOPERATION WITH ENFORCING THE TRAINING RULES**

Our training rules and regulations have been established for the general good of our athletic teams and to discourage student-athletes from becoming involved with alcohol and drugs; however, since recent national surveys indicate that a high percentage of high school students use drugs and alcohol, we need to do more than distribute a set of rules. Since our involvement with athletes is limited to a few hours per day, we depend heavily on parental support to ensure that students do not violate these very important rules.

We feel strongly that coaches and parents together can make a significant impact on our young ladies and help to counter-balance peer pressure, which all teenagers face. By working together in this area, we can avoid many potential problems. Our coaches care about your daughters not only as athletes but also as people. We are certainly willing to use our influence and do our part to help your daughters reach their full potential on and off the basketball court. Together, we can provide the necessary guidance, leadership, concern, and encouragement that are so important during teenage years.

## **SPORTSMANSHIP & EXPECTATIONS OF PARENTS & FANS**

As spectators at contests, Skyview parents can significantly contribute to the fine reputation we have earned in the area of sportsmanship over the past few years. We sincerely hope parents and other adults will serve as role models for our students by exhibiting the highest ideals of sportsmanship. We must never lose sight of the fact that the participants in interscholastic athletics are only "youngsters." Skyview parents' have always been a tremendous asset to our program and we are extremely grateful for your excellent cooperation, support, and loyalty to Vancouver athletics.

### **SHOW GOOD SPORTSMANSHIP BY:**

- ❖ Knowing and understanding the rules of the contest;
- ❖ Showing respect for the officials, including their decisions;
- ❖ Showing respect for opponents at all times;
- ❖ Recognizing and appreciating the skills of all students participating in the contest;
- ❖ Maintaining self-control at all times;
- ❖ Showing a positive attitude in cheering.

# What Role Do I Play?

(Choose ONLY One...)

- 1. Athlete***
