

5th QUARTER CLUB MISSION STATEMENT

The purpose of the 5th Quarter Booster Club is to promote and support football at Lakeland Regional High School. We encourage and support teamwork, discipline and the respect of others that comes from participating in athletic competition. We provide financial support from the additional athletic training of our players and coaches, and for auxiliary equipment that benefits our football team. In order to facilitate this, the Booster Club will organize social and fundraising events for the positive behavior at football games, which upholds the highest standards of spirit and sportsmanship of our football team, Lakeland Regional High School and the community as a whole.
