Life Change is an Invitation Away

BONNIE LAKE

I have always believed in God but have not always followed His truths in my life. I very often chose my own path! This led me to being a single mother at 18, a smoker, and weekend drinking which led to other poor choices. I was baptized as an adult in another church but I didn't really understand God's love and power. While attending Grace I have grown in my understanding of God and his love for me. I've been dealing with a lot of struggles the past few years with family which has caused doubt and depression. I thought I was a failure but then I would show up at church and hear the messages of Jesus' love and forgiveness and I could feel all the hope that brings. If it wasn't for my family at Grace and the continued messages of God's love for me, I don't know how I would have made it through these recent struggles. I now want to become a member of the church that is my home and family.
