Does your team need strategy ideas for afterschool childcare sites, early childhood programs, schools, or worksites in your community?

Does your team want to make policy/environmental changes at the neighborhood level or are you unsure of where to begin?

Does your team want to develop a comprehensive understanding of policy/environmental changes needed and/or to prioritize settings and strategies?

Does our data allow us to set policy and environmental objectives?

Do we have community assessment data?

Specific CHLI assessment

Neighborhood assessment
