

Balmoral Textiles

Sundries and Fabric Brochure

Balmoral Textiles

Situated in the centre of Dunmurry, on the outskirts of Belfast, Balmoral Textiles Ltd is a long established, family run business with a solid reputation for supplying high quality upholstery fabrics, vinyls and leather hides for both the domestic and contract furniture markets.

With over 100,000 metres of fabrics in stock in our 15000 sq ft warehouse, and a well stocked trade counter offering trade sundries and consumables, along with our foam conversion and fabrication service, we can offer everything required, whatever the project domestic or contract.

Balmoral Textiles has been serving the upholstery industry from its current warehouse units and showroom at Station View in Dunmurry since 1975. Our management team has a combined experience of 140 years working within the furniture and textile industry.

Our Mission

Our aim is to source fabrics from the top weaving mills in Europe as well as sourcing sundries from the best manufactures in the world. This allows us to offer very competitive prices and value for money, mixed with a high standard of quality and service.

All of our fabrics conform to relevant British standards including BS 5852 part 1 cigarette and match, governing flammability, durability, light/colour fastness and tear strength. This equally applies to contract articles which all comply with BS 5852 source 5.

We welcome visitors to our extensive showroom and trade counter where you can compare and contrast products with the help of our experienced sales team.
