**Artificial Grass London** are premier wholesalers of Artificial Grass.

We pride ourselves on:

- High Quality Products
- Exceptional Customer Service
- Unbeatable Prices
- Huge Stock Levels

Artificial Grass London has a wide product range to ensure there is a grass that suits every application - whether this is a small balcony area in the city, or commercial spaces such as parks and playgrounds.

We ensure that all of our grasses comply with British and European Standards so you can be assured of the quality and durability.

Artificial Grass London design all of the grasses in our range to our own specifications to create the very best at the most affordable prices in the UK. We like to keep our prices low with no hidden costs along the way so you can keep the cost of running your business to a minimum.

We will support you through the whole process with marketing materials and technical advice whenever you need us.

**ABOUT US**

A white dog, possibly a Weimaraner, is standing on a lush green lawn. The dog is looking towards the camera with its mouth open, appearing happy. To the right of the dog is a large, light-colored stone ball. The background features a well-maintained garden with various plants and a large, dark green, feathery plant on the right side. The entire scene is framed by a thin white border.
