## Providing exceptional results for domestic landscapers and garden designers

---

**Viridis has been conceived to satisfy the domestic landscape market. Working with elite designers on projects we are dedicated to a premium plant sourcing service.**

Our team of experts have established a national customer base of quality domestic landscape designers and landscape contractors.

This enables us to offer a quick and efficient service to customers across the UK.

By providing this superior and exclusive level of service, the team at Viridis are able to meet the expectations of discerning customers wanting the best quality and most unusual plant varieties - at a competitive price - for their bespoke garden designs.

Backed by the award winning **boningale**

---

**Viridis is backed by Boningale nurseries one of the country's leading suppliers to the British landscape industry, with a commitment to quality & over 50 years experience. Viridis benefits use of Boningale's established network & European sourcing infrastructure.**

As well as Boningale nurseries Viridis can also utilise other Boningale divisions.

Boningale GreenSky the company's award winning green roof department. Specialising in cutting-edge research into green roofs with their own bespoke products Including SkyPlugs & SkySuperstrate which have been developed in partnership with the university of Sheffields Green Roof Centre.

Worfield Plants specialise in the production of alpine and herbaceous plants and is leading nursery stock supplier to the retail market. With over 50 years experience Worfield boasts an extensive range of high quality British grown stock.

The combined resources of the Boningale Group enable Viridis to provide a market leading service to its customers for all their planting requirements.

## Dependable nationwide delivery service

---

**At Viridis we pride ourselves on our professional and personal approach to plant sourcing and a key component of this service is delivery – making sure your plants are securely delivered and arrive on time, in pristine condition.**

Our premium plant delivery service is made possible through our own fleet of vehicles to cater for both smaller and larger deliveries across mainland UK. This ensures we have complete control of the logistics process and can meet our customer's differing delivery requirements.

Importantly all our plants are carefully transported on Danish CC trollies wherever possible to ensure they arrive on site in the best possible condition.

**VIRIDIS specialises in providing exclusive garden and landscape designers a bespoke and professional plant sourcing service.**

To achieve this, we use our vast expertise and UK and international connections to source and deliver premium plant material from the most reliable and quality orientated suppliers.

3000  
varieties

nationwide  
delivery

high  
quality

boningale

**Customers are able to benefit from our expertise in supplying:**

- **A comprehensive range of good quality shrubs** from 2L to specimen sizes, root balled & container grown.
- **Specialist products** – including roses, climbers, alpines, topiary, herbs & grasses coming from a network of UK growers.
- **A choice of hedging solutions from root-balled Taxus and Buxus** to mature hedging of an exceptionally high standard that is suitable for all kinds of domestic and commercial landscaping projects.
- **A wide selection** of bare-root & root-balled transplants and shrubs.
- **A huge selection of trees**, both container grown, root-balled and bare-root stock including high quality form trees.

**This list is by no means exhaustive, and at Viridis we pride ourselves on being able to meet the expectations of the most discerning of customers.** Please contact us for help with any of your requirements.
