

# We are **tvC** Technology Solutions

Established in the mid-nineties by Jim Brown and his sons, Matthew, and Daniel, TVC (a division of TVD Group) has grown substantially over the years, thanks to the drive and determination of the TVD family. Now, we're one of the UK's largest providers of audio-visual solutions in the UK, supplying and installing commercial & domestic equipment in a variety of environments throughout the UK & Eire.

Cest No. 6953  
ISO9001

Our latest brochure showcases the vast range of products and solutions we offer at amazing prices, but if you can't find what you're looking for, please get in touch with our dedicated customer service team who will be more than happy to help! As an industry leading supplier, with unrivalled expertise, we can provide solutions for all your technology needs.

We look forward to working with you.

**Matthew Brown**  
Managing Director

# Case Studies

## Hallmark Care Homes Healthcare

Renowned for their award-winning care homes, Hallmark partnered with TVC to provide their residents with a quality living experience, with the installation of AV equipment and cinema rooms to ensure they continue to invest in state-of-the-art technology and continue to be recognised as one of the UK's best care home provider.

## Waterside Holiday Park Holiday Park

To expand on their already impressive 5-Star facilities, Waterside Holiday Group wanted to improve the customer experience for their visitors by adding a large mobile outdoor LED screen. TVC provided a solution that could be utilised throughout the day and in the evening, have the flexibility of being able to be located at various areas around the park, and that could easily be transported between any of their 3 costal settings.

## Rocket Eats Retail

Situated within a Spar Store in Bolton, Rocket Eats is a new premium food-to-go concession stand, offering gourmet burgers, fries and shakes. As the first of a new franchising brand, the stand needed to set the standard for all future Rocket Eats and with that task, came the need for state-of-the-art digital signage to complement the futuristic theme and give customers the 'out of this world' experience.

## The Flower Bowl, Preston Hospitality

TVC helped create Lancashire's best and most unusual leisure venue. Through innovative use of the latest technology, TVC supplied and installed a variety of screens, including 3 impressive video walls, to provide wayfinding and information to visitors in high visibility areas. To create the perfect acoustic atmosphere, audio distribution equipment was strategically placed throughout the venue, creating a 'welcoming' feel throughout.

## Potters Grange Care Home Healthcare

Potters Grange is owned and managed by a family with more than 25 years' experience in the care sector. They aim to be the care home of choice in the communities they serve. TVC were tasked with providing a Smart TV solution for both resident bedrooms and luxury lounges. In addition, a cinema room was specified to help create a family like camaraderie with other residents.

## Champs Sheffield Restaurants & Bars

Champs Bar, located in the heart of Sheffield, looked to TVC to help them become one of the leading venues to catch all the live action of major sporting events. We delivered and installed one of the UK's largest outdoor screens, measuring 4m x 2m with a 4.8mm pixel, IP65 rated virtually waterproof technology, and 5500 nits screen to deliver excellent levels of brightness in direct sunlight, to make sure that Champs customers can enjoy their favourite sport year-round.

## G3 Vehicle Auctions Retail

G3 Vehicle Auctions wanted to create the UK's most interactive vehicle marketplace at their renowned auction centre. TVC implemented a variety of digital signage solutions throughout the venue to create a sleek and streamlined platform. The auction hall benefitted from two lavish LED panel videowalls, installed flush against the curved walls, they add to the high level of sophistication of the room.

## Puttshack Lakeside Leisure

Puttshack wanted to create the world's first social entertainment concept with a new spin on the traditional game of mini golf. The unique leisure experience, located in Intu Lakeside shopping centre, worked with us to create a unique experience with the installation of high-tech AV equipment to increase customer engagement.

## Carrs Pasties Retail

Iconic Bolton brand, Carrs Pasties looked to TVC to help them create a modern bakery experience with their latest retail unit. We installed several 40" Samsung screens to facilitate their digital menu boards so that Carrs can quickly update their offers on the digital screens, meaning that they can save money by not needing to regularly change their signage.

How can Corporate AV save you money, improve your green credentials, deliver improved customer service and improve productivity?

Our corporate technology solutions add value to your business and here's how it can work for you...

### Visitor Management System

Automating your visitor management system ensures you can manage and greet guests in a professional way, cover your health and safety obligations at the touch of a button and provide a great guest experience for that all important first impression

### Booking a room

Improve employee productivity by using a booking system that allows your teams to plan meetings so that they run smoothly and quickly, with seamless and visible planning.

### Video Conferencing

Save on travel expenses, improve your carbon footprint and see more remote guests through video conferencing. This will not only save you money in the long term, but improves customer and employee engagement, with the benefit of visual contact.

### Wirelessly Collaborate

Share work and collaborate, removing the need for sending multiple emails, huddling round a screen or annotating on paper. Improve productivity and job satisfaction, share information and make decisions easily and quickly, ultimately saving time and money.

No matter the size, or space available in your business, there's a perfect solution. We will discuss your needs, provide guidance and expert advice, as well as quality products and installation.

### Huddle Space

Create a technology hub in any space!

### Meeting Room

Improve a dedicated space that employees and remote guests alike can benefit from.

### Boardroom Solutions

Make your boardroom a space for connecting, collaborating, improving productivity and generating business

Contact our dedicated team for a site visit and **FREE** quote!

# Bespoke Cinema Room Installations

We can help you design and install exquisite bespoke cinema rooms by incorporating immersive high-resolution audio, high-definition video, best-in-class surround sound, an enormous smart TV or projection screen, and customised lighting to complete the experience.

# Video Walls

## Bring your business to life with an LED Video Wall.

With a stunning video wall you can truly engage and communicate with your audience. The superior picture quality conveys powerful messages to audiences in a variety of settings, including indoor and outdoor. With the option to display one large image across all screens or multiple images at the same time, video walls provide flexibility that allows you to stand out.

At TVC we can discuss your requirements and provide a **FREE** on-site assessment. Our experienced team will advise on the best solutions tailored to your needs and can offer a one-stop service through to final installation and after sales service and maintenance.

# Digital Signage

Digital Signage is a better way to interact with your customers and promote your sales messages. Create and manage the content on your screens across single or multiple sites. Quickly edit the content using a simple web interface, alter text and images, then publish to your screen with no technical expertise required.

Digital signage is an easy way to display adverts, special offers, menus, news, and announcements.

MySign Digital Screen Solutions can help you engage with clients, promote products and create a personable brand. A system that allows you to create simple and engaging visual content.

## Reception / Waiting Areas

Improve customer experience and set a fantastic first impression. Welcome visitors by name with a personal message, highlight your company's products, services and achievements or even show a corporate video.

## Wayfinding

Wayfinding solutions help guide visitors & staff to easily find their destination or services within various environments including holidays parks, hotels, corporate offices, retail spaces & university campus environments.

## Employee Communication

Digital signage can help drive critical messages, as well as training initiatives. All updated safety procedures can be shared with employees as they become available, lowering the cost of printed signage which can quickly become outdated.

## 3rd Party Advertising

3rd party advertising can be a way of using digital signage to increase revenue. Collaborate with suppliers and brands to ensure corporate messaging is also shown alongside important visitor and staff messaging.

## Digital Menu Boards

Save time printing menus out every day / week. Whether it is the lunch specials or nutritional information, all can be changed quickly and effectively through digital signage.

## Interactive Displays

Having interactive displays coupled with other digital signage will subliminally add to the message for all customers. Highlight local attractions and events happening within the hotel, or resort.

# Reception

## Compliance and Emergency Messages

Keep employees and customers safe with effective digital signage updates and messages. Now, more than ever, employers have to use all the communication tools at their disposal. Digital signage software gets the message out to multiple locations more quickly than printed safety posters or notice boards. And unlike email, digital signage templates are effective in reaching non-desk workers in warehouses etc.

## Portable Battery-Powered High Brightness Digital Signage Solution

A mains plug is no longer needed for you to deliver your digital messaging, opening a whole world of new possibilities. The integrated battery revolutionises the way you can use digital signage. This commercial grade slimline battery solution gives you over 14 hours running time.

## 22" Hand Sanitiser Network Android Advertising Displays

Protecting your staff and customers by installing this advanced LCD Hand Sanitiser Display screen display with important public health messaging or advertising content. Play an important part in stopping the spread of infection and improving hygiene with this versatile Digital Signage Solution.

## 8" Facial Recognition Thermometer Display

This is a full turnkey system, comprising of a 24/7 IPS panel, dual-lens optical facial recognition cameras, a thermal imaging module, an indication light, optional RFID/NFC integration and even the software to control, record and monitor all the functionality.

At TVC we can discuss your requirements and provide a **FREE** on-site assessment. Our experienced team will advise on the best solutions tailored to your needs and can offer a one-stop service through to final installation and after sales service and maintenance.

# High Bright Window Screens

Our high brightness window screens make your message shine. Create eye catching content that grabs the attention and make your customers stop and look!

# Outdoor LED Displays

Perfect for displaying live sport, advertising, digital signage or to use as an outdoor cinema and more, our outdoor LED displays can benefit any business who want to engage with their audience. These high bright screens with an IP65 waterproof rating, create a fantastic image in all weather conditions. With complete flexibility in size of screen and the messages displayed, you can also use these screens to keep people safe with important information.

For more information on our outdoor LED displays, get in touch with our dedicated sales team, who will be happy to discuss your requirements and provide a **FREE**, no obligation, on-site survey. At TVC we provide a tailored solution, quality products, professional installation and after sales care that gives customers peace of mind.

# Outdoor TV

## Turn your outdoor space into a revenue generator with our Outdoor TVs!

An outdoor TV screen can provide an additional attraction to customers and turn an unproductive outdoor space into a revenue generator for pubs, sports bars, holiday parks and hotels.

Ideal for broadcasting live sporting events and outdoor advertising, outdoor TVs can be securely wall mounted and remain outdoors as a permanent fixture.

Designed for use with any standard TV or digital display, the weatherproof, secure, and robust protective outdoor TV enclosure is suitable for commercial and residential environments.

With a range of TVs and enclosures available, the TVC team can advise of the best solution for your setting with a **FREE** on-site survey. There's also a range of financing options available, so if you want to buy or rent your TV, we can get you the best deals.

All the content that you love, exactly how you want it.  
Welcome to a smarter way to watch.

**Your Google Assistant**

Android TV now comes with your Google Assistant built in. Just say **"Hey Google"** or press the mic button on your remote to quickly find the latest blockbuster, check the score of the big game or dim the lights – all without leaving what you're watching.

**Entertainment tailored for you**

With Android TV, your favourite content is always front and centre. So whether you're looking for a new show to binge watch or just want to pick up where you left off, you get what you want, when you want it.

**Apps that you'll love**

With the Google Play Store for Android TV, whatever you're into—from Netflix to YouTube to tons of games—there's an app you're sure to love.

**ORDER NOW FOR NEXT DAY DELIVERY**

\*Deliveries are to UK mainland, but exclude the Scottish Highlands, Channel Islands and Isle of Man, which may incur additional charges

# Branded Domestic TV

The televisions we supply at TVC feature the latest technology, including:

 QLED  NanoCell

Our branded domestic TVs are available in a variety of screen sizes, from 24" to 98" televisions.

Our range includes models from all major manufacturers

**SAMSUNG** **PHILIPS** **SHARP** **SONY**  
**MITCHELL & BROWN** **TOSHIBA**  **LG** **Panasonic**

A domestic TV is used for general viewing purpose when a screen is not going to be used for more than 6-8 hrs per day.

A consumer TV isn't covered by the standard 1 year Manufacturers warranty in a commercial environment. However, we can offer a TVC Commercial extended warranty if the screen isn't being used for more than the recommended usage.

# Hospitality TV

Hospitality TVs are designed to be used in a commercial environment and are typically more robust with warranties from 2 to 5 years.

**Hospitality TVs have additional features and benefits such as:**

- Start-Up Screen / Welcome Message
- Volume Limit Control
- USB Cloning – for quick setup
- Security Mode / Menu Lockout

Our hospitality TVs are available in a variety of screen sizes, from 32" – 98"

Available in Non-Smart, Smart, 4K. 8K

Our range includes models from all major manufacturers

**SAMSUNG** **PHILIPS**  **LG** **VESTEL** **MITCHELL & BROWN**

# Digital Display Screens

These screens are for displaying content only, such as digital menu boards. They do not have a tuner installed and cannot be used as a TV. The screens are designed for usages of 16 – 24 hrs a day, 7 days week.

Our digital display screens are available in a variety of sizes, from 13" – 98"

Our range includes models from all major manufacturers

**SAMSUNG** **PHILIPS**  **LG** **VESTEL** **Panasonic** **SHARP/NEC**

# High Bright Screens

A high brightness screen is a digital display that has been specifically designed to function within bright areas, such as broad daylight. The screens are generally 10x brighter standard TV, making them visible from further distances and ideal for window displays.

Indoor and outdoor options available

Our high bright screens are available in a variety of sizes, from 32" – 86"

Our range includes models from all major manufacturers

**DynaScan** **SAMSUNG** **PHILIPS** **VESTEL** **SHARP/NEC**

# Interactive Touch Screens

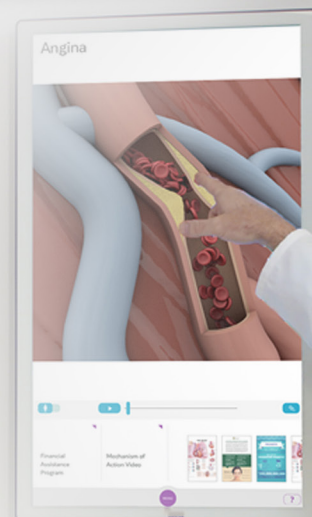

Touch creates a more engaging experience for users and can be used in a variety of environments, such as Retail, Healthcare, Education and Business.

We offer a wide range of interactive touch screens, whether you are looking for LCD or LED, Dual touch or Multi touch, we can provide a solution to suit you.

Our interactive touch screens are available in a variety of sizes, from 13" – 86"

Our range includes models from all major manufacturers

**SAMSUNG** **PHILIPS** **iiyama** **elo**  **LG** **SMART** **SHARP/NEC** **CTOUCH®**

\*Sizes & Pricing are to be used as a guidance only. All prices are excluding VAT. Vesa mounts can vary per screen manufacturers - Please contact Our Sales Team for further advice

\*When choosing a bracket for larger screens please consider if the surface being mounted on is suitable. If unsure please contact our Sales Team for advice or to arrange a survey

\*Need a more bespoke bracket solution then please contact our Sales team

# SYSTEM X™ SOLUTIONS

**B-Tech System X mounting solution for video walls, digital signage and menu boards.**

The range is also ideal for broadcast and video conferencing applications.

The system is lightweight yet incredibly strong and features a universal design which supports all models of video wall screen. The high-end aesthetic quality of System X gives a premium finish and when used for multi-screen applications, provides near limitless configuration combinations to satisfy almost any requirement.

## TROLLEY STAND SOLUTIONS

To meet various heights and size screens to be displayed in landscape or portrait, stand alone or portable.

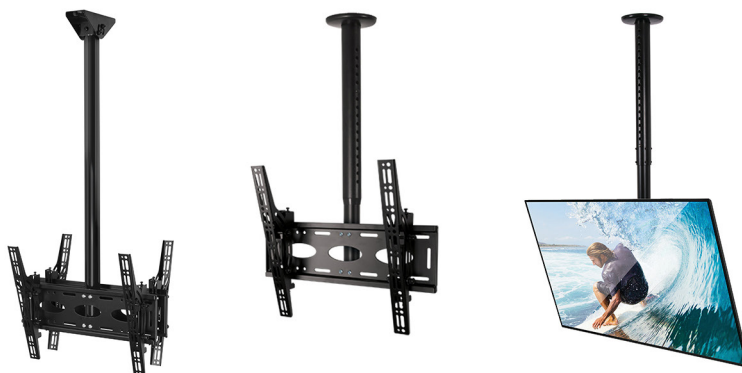

## PROJECTOR MOUNT SOLUTIONS

Various options for mounting a projector from ceiling, floor to ceiling.

## CEILING TV MOUNTS

We offer a ceiling mount solution to meet all your requirements - single or double mounted screens, heights and landscape or portrait orientation.

# Warranties Explained

## DOMESTIC WARRANTY

These products are intended for use within a residential environment / normal domestic use and not for excessive usage. The warranty does not cover any type of commercial environment / usage.

## COMMERCIAL WARRANTY

These products are built and made to withstand the larger commercial types of environments like a Canteen, Large Kitchen or Laundry Room.

Any reported faults that are not in the warranty exclusions (please see our warranty Terms and Conditions) will be attended to by a fully approved registered engineer.

Where the product cannot be repaired the item will be replaced with a product of similar specification. (\*T&C's apply)

Faulty products will be repaired on site for up to a year from the time of purchase.\*

Faulty products will be replaced on site for up to a year from the time of purchase.\*

Faulty products will be repaired or replaced on site for up to a year from the time of purchase.\*

Faulty products will be repaired or replaced on site for up to 2 years from the time of purchase.\*

Faulty products will be replaced on site for up to 2 years from the time of purchase.\*

Faulty products will be repaired or replaced on site for up to 3 years from the time of purchase.\*

Faulty products will be repaired or replaced on site for up to 5 years from the time of purchase.\*

\*Subject to warranty T's & C's

# What is covered?

- Electrical and mechanical faults deriving from faulty materials, defective components or a manufacturing defect;
- Replacement functional parts;
- Labour costs of an approved engineer. ( Not applicable to RTB warranties)
- Your guarantee covers use for any commercial environment - products are designed and built to an excellent standard using high quality components suitable for use in a Commercial kitchen, laundry room or large communal area.

## Guarantee exclusions:

- Incorrect installation: Please ensure that your appliance has been correctly and safely connected to mains supplied electricity, gas and water and drainage as appropriate and in accordance with the instruction manual;
- We recommend that all electric cooking products, washing machines and dishwashers are installed by a qualified plumber / electrical appliance installer;
- Repair of, or interference with, the product by any person not authorised by the manufacturer to carry out service;
- Improper use or abuse;
- Accidental damage;
- Reversal of doors or door handles on cooling appliances;
- Repair or replacement of any cosmetic or consumable parts such as bulbs, plugs, fuses, cables, filters and attachments, control knobs, flaps, container lids, handles, glass and wire shelves, rubber hoses, plastic door shelves and any accessories for example oven baking trays and shelves. These include any parts which have become worn, discoloured or damaged, including damage by incorrect use or cleaning;
- Repair of the appliance due to the effects of a lack of cleaning such as dirt, mould, grease, spillages and odours or due to the effects of limescale;
- Any blockages to pump or filter in washing machines and dish washers;
- Punctured evaporators and lack of cleaning (eg. blocked gas jets);
- Any parts which are fitted to the product which are not original manufacturer's parts;
- Operation at incorrect voltage;
- Noise, vibration or steam resulting in the operation of the appliance. This includes steam from washer, dryer, dishwasher and ovens, running of oven fans, drain pumps;
- Reinstallation of products after a warranty repair or replacement.

**A service charge could be made if a fault is not a mechanical or electrical manufacturing fault.**

## Disclaimer

- TVC will not be held responsible for any damages resulting from inappropriate usage of the appliance;
- The guarantee is non-transferable and only relates to the original purchaser of this appliance;
- Where deemed necessary by TVC for an appliance to be exchanged within the guarantee period, the new appliance will be covered by the original guarantee period and will not be subject to a new guarantee;
- TVC reserve the right to inspect the appliance before exchange/replacement can take place;
- TVC disclaims any liability for consequential loss or damage;
- This guarantee does not in any way diminish your statutory or legal rights.
