Skill Shooter

An action-packed video target shooting game whereby players will test their reflexes across numerous different exciting game modes as their speed and accuracy are put the test in their quest to be the Skilled Shooter.

Players will advance through the different stages shooting bottles, targeting boards, moving targets, and more – exercising their proficiency in different environments.

Skill Shooter provides a realistic shooting experience with a recoil feature and is complemented with exciting sounds and adrenaline filled stages capturing the players total attention in this latest interactive video shooting game.

The faster and more accurate aim a player has, the more points (and tickets in redemption mode) that are rewarded.

The game features both single player and multiplayer modes, with up to four units that can be linked together for competitive play.

Skill Shooter is presented with an attractive cabinet housing a 50" screen with LEDs and bright colours on the outside.

Skill Shooter will be switchable between Skill Challenge, Ticket Redemption and Prize Vend.

Enjoyable for all players as they test their skills across multiple levels
