Jersey Barriers

The Elite Jersey Barrier is an interlocking heavy-duty system designed for the ultimate in anti-vehicle perimeter protection.

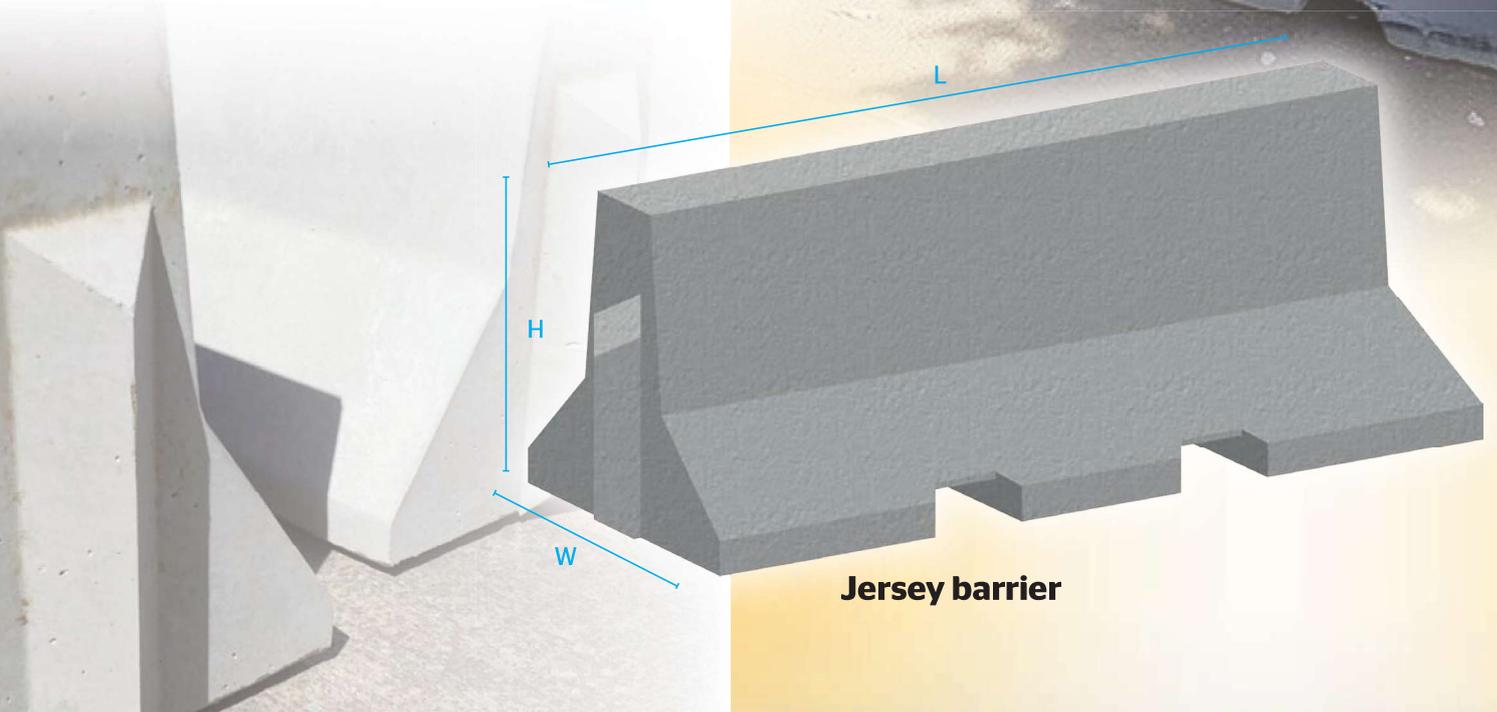

Cast from our standard high-strength concrete (50N/mm²) the Jersey Barriers are quick and easy to install and are available direct from stock within days of ordering

During the pandemic, Jersey Barrier were used extensively where Social Distancing Measures were required to create safe distances between pedestrians etc and help the management of people traffic.

Jersey Barrier

Type	Length	Width	Height	Weight
Jersey	2500mm	610mm	810mm	1450kg
