Don’t you love when the sun breaks through and we can all get back outside to play?! Zis, Boom and Bah have a slew of great outdoor games that they’d like to share with you. Let’s start with their favorite: Veggie Tag!

Players needed: 3 or more

**Directions:**
- Designate (1) player as the “Tagger”
- All other players should form a circle around the “Tagger”
- As a group, count to (10); all while moving in a circle around the “Tagger”.
- After the counting is over, the Tagger will run after whoever they choose; in order to stay safe, you must duck to the ground and scream out loud, the vegetable of your choice!
- If you are tagged before you can call out your veggie, you are then tagged as “IT”!

* Note: If a player calls out the name of a veggie that has already been used, that person automatically becomes “IT”.
