

## Local Sales and Use Tax Rates on Residential Energy Effective June 1, 2021

The Tax Law provides that residential energy sources and services are exempt from the 4% New York State sales and use tax, and the  $\frac{3}{8}$ % sales and use tax imposed in the Metropolitan Commuter Transportation District (MCTD), if applicable. The term *residential energy sources and services* means the following tangible personal property and services used for residential purposes:

- natural gas
- propane sold in containers of 100 pounds or more
- electricity
- steam
- gas, electric, and steam services
- fuel oil (except diesel motor fuel)
- coal
- wood (for heating purposes only)

Counties and cities that impose a local sales and use tax may choose to either tax or exempt the residential energy sources and services listed above. Also, certain school districts are authorized to impose a sales and use tax on natural gas, propane (in containers of 100 pounds or more), electricity, and steam, as well as on gas, electric, and steam services.

Part 1 lists the jurisdictions that impose a local tax on residential sales of gas, propane (in containers of 100 pounds or more), electricity, and steam, and the applicable tax rate.

Part 2 lists the jurisdictions that impose a local tax on residential sales of coal, fuel oil, and wood (for heating), and the applicable tax rate.

Localities or school districts not listed in this publication do not impose a local tax on residential energy sources and services.

### Part 1 – Jurisdictions that tax residential gas, propane (100 pounds or more), electricity, and steam

Taxing jurisdiction (county names added for clarification)	Tax rate %
Albany School District ( <i>Albany County</i> )	3
Cohoes School District ( <i>Albany County</i> )	3
Watervliet School District ( <i>Albany County</i> )	3
