

LETS 6.0 Lateral Inspection System

Simultaneously inspect mainlines and laterals to 150' with the versatile and powerful LETS 6.0 system. Its compact tractor easily navigates pipes 6" or larger, while the lateral camera launches with or against the flow at a 135° angle.

Complete View

- Main camera observes mainline conditions and monitors the lateral camera launch
- Two camera options: self-leveling or Pan & Tilt with in-the-pipe lens cleaning technology
- Rear-view camera monitors push cables when in reverse and during retrieval

Simplified Control

- Operate the tractor and cameras with one remote control
- Dual joystick, Xbox One® controller* for ease of use

*Xbox One® is a registered trademark of Microsoft®.

Designed for Agility

- Slim, unibody tractor to traverse pipes
- Multiple wheel configurations to match pipe conditions
- Contoured chute to launch the lateral camera with or against the flow
- Lateral camera easily navigates pipe bends

Specifications

LETS 6.0 Lateral Inspection System

Power and Accuracy

LETS 6.0 is the ultimate system to simultaneously acquire mainline and lateral assessment video. A slim tractor profile and superior lateral camera launch provides high productivity.

Models 3270

Application

- Inspect laterals to 150' from 6" diameter and larger mainline pipes

Tractor

- Powerful tractor with forward, reverse and free-wheel movement
- Over-voltage protection prevents damage to main motor drive
- Tip-up connector for easier pipe insertion with less cable strain
- Standard six-wheel configuration operates in 6"-12" mainlines
- Optional Large Line Kit operates in 15"-30" diameter pipe and larger

DESIGNED & BUILT
BY ARIES INDUSTRIES

EASILY NAVIGATES
135° PIPE BENDS

MINI PUSH CAMERA

MINI PAN & TILT CAMERA WITH LENS WIPER

Cameras

- Forward-facing camera captures mainline video and monitors lateral camera launch
- Choose from self-leveling lateral camera or a Pan & Tilt camera
- Integrated 512hz locating beacon
- Telescoping chute with five discrete positions provides easier lateral launching in larger pipes

Controller

- A dual joystick Xbox One® controller operates tractor and cameras
- The system also works with legacy controller
