

Everyone can use a helping hand to learn something new

Ask for help and you will find, my friend, someone who cares about you.

Raise your hand and wait your turn

Asking questions helps you learn

FOLD HERE FIRST

Parents,
Ask your child...
How does it help you to ask for help in school?
What makes it hard for you to ask for help sometimes?

Trace with a pencil, then color the picture of Tasha.

Parents,
Read the steps to asking for help with your child.
Then take turns showing each other how you ask for help.

Here's how to ask for help:

- Be patient
- Raise your hand without waving
- Be polite
