

Christmas in Cavaillon!

Faith Community Church Advent Giving Project

This December we are partnering with our local PCA churches and Chicago Friends of Haiti (CFH) to care for the needs of our Haitian brothers and sisters in Cavaillon. Our church is a partner of CFH, a ministry based in our local presbytery focused on serving the Haitian church. The funds we raise will go toward:

Food

Our presbytery desires to send 2 or 3 containers (300,000 meals per container) to follow up on the 2 million meals sent by our presbytery at the beginning of 2024.

Childcare

For many years our presbytery has cared for 85 orphans at the Cavaillon Children's Village. We are thrilled that we have been able to place these children in families, but we are still providing for all of their care since these families cannot afford an extra child in their home.

Education

Financial hardship makes it difficult for parents to send even one of their children to school. A portion of the funds will go toward scholarships to assist the neediest families.

Medicine

Medicine and medical supplies are extremely hard to come by in Haiti. Funds are needed for the purchase of antibiotics, vitamins, and other medicines for use by the medical team.

God's Word

This fall the new school in Cavaillon opened with over 600 children in attendance. CFH aims to provide a French Bible for every student as well as the faculty and staff. This will serve as one of their textbooks.

Please write checks to Faith Community Church, indicating that it is for the Advent giving project. You may also donate through our church's website.
