

## Special Announcement about Hershey PCA Worship Services during the Hot Weather

During Covid-19, our in-person worship services are held outside in the side parking lot at our worship site (1521 Sand Hill Road) at **9 AM**.

In the event of rainy weather, our service will be broadcast from inside our building. Currently, we do not have a suitable space for in-person indoor worship, so our inside services will be broadcast only. Should the weather prevent an outdoor worship service, a notification will be posted on our website and Facebook page by 8 AM.

***Temperatures this summer have been high. Please be aware of forecasted heat and feel free to stay at home and participate by livestream***—especially if you are in the 65+ age range, have an infant or young children, or in other ways are at increased risk during excessive heat. (We love to see you, but we are also concerned about the real risks of extreme heat.)

For more information and additional ideas, see <https://www.cdc.gov/disasters/extremeheat/heattips.html>. Our goal is to offer in-person worship and fellowship in a way that, to the best of our ability, each person remains safe and well.

If you attend in person, please follow the following precautions (due to heat and Covid-19):

- **Bring a water bottle** and make sure you **stay hydrated** throughout the service.
- Wear light-colored, lightweight clothing, a hat, and sunscreen. There is NO expected dress code.
- If possible, bring a chair, an umbrella or other shade producing device, and a light-colored blanket to put on blacktop (*it helps!*)
- Consider spreading out to new areas of grass or shade around the parking lot area.
- During the service, individuals and family groups should keep 10-feet of social distance from others who are seated. When in conversation with others (encouraged!) keep 6-feet apart from one another. Masking is appropriate and encouraged.
- If you are at increased risk of heat exposure damage, have Covid-like symptoms, or had Covid exposure, please join by livestream. The livestream is accessed at [www.facebook.com/Hersheypca](https://www.facebook.com/Hersheypca).
