## Mission to Albania

Pastor Berti Kona

Website: <https://www.missiontoalbania.org/>

Email: [bertikona@gmail.com](mailto:bertikona@gmail.com)

Albert Kona (Berti) is a graduate of [Greenville Presbyterian Theological Seminary](#) in South

Carolina and a member of the Calvary Presbytery, PCA. He and his wife are members at [Woodruff Road Presbyterian Church](#), PCA where he is an Associate Pastor of Church-Planting working in Albania. He was born in Albania and was raised under a communist system until 1990. His family comes from an Eastern Orthodox

background, but he did not receive much religious training. Albania was the first and only country that was officially declared atheistic until 1990. The high school where he attended was known for beginning the anti-religious youth movement in the 1960's. After the communist regime fell, the religious ban was lifted and missionary work started in Albania. Berti was converted in 1992 when reading the New Testament for the first time. Since then he has been drawn toward ministry, especially church planting, believing this to be his calling. Berti arrived in the States in September of 2001 and began his training for ministry at GPTS. He married Jenny Huskey on March 19, 2005. Jenny is also a graduate of GPTS, with a MA in Biblical Counseling, a graduate of Furman University, and a native of Spartanburg, SC.

Please pray for the successful particularization of his church plant in Durres, and for its continued growth.

Our goal is that within 10 years (2025) Trinity Center for World Mission (TCWM) will support a network of senders and goers who will train and equip disciples in seven countries to fulfill the Great Commission through Trinity Biblical

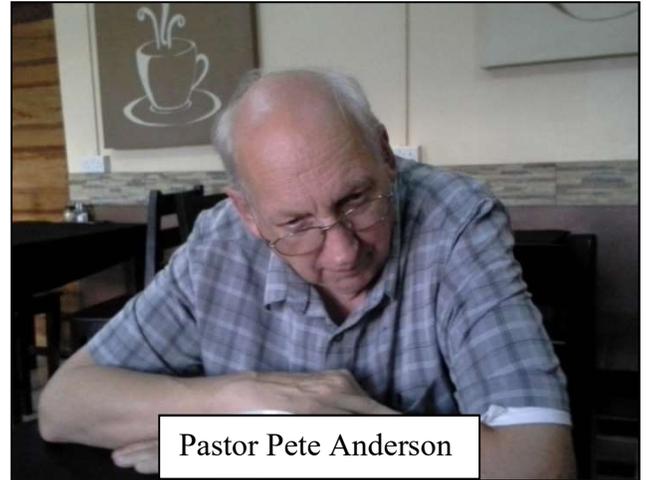

Institute (TBI) and Kairos, supported by a radio ministry and headquartered in a facility owned by TCWM, led by a second generation of leaders. These seven countries include Uganda, Kenya, South Sudan, Ethiopia, Tanzania, Rwanda and Burundi.

TCWM trains hundreds of pastors and church leaders every year, and has recently opened a permanent campus in the Mt Elgon highlands of Uganda. In addition to its discipleship ministry, TCWM founded and supports a Christian medical clinic and a radio station.

Westminster Biblical Missions is committed to planting and multiplying Reformed churches on

the foreign field. To accomplish this, believers must be trained to teach their own people of Christ and His truth. The role of foreign missionaries should not be that of doing the work so much as that of showing nationals how to do it-training them to stand in the faith, defend the faith, and spread the faith.

Our theological seminary is building up the Lahore Church Council. Calvin Academies

train Christian children how to follow Christ, and yearly conferences reach thousands. We also have a strong publishing program of Reformed literature in Urdu. Rev. Dennis E. Roe serves as Field Chairman. Rev. Sardar Ahmed Din, the Director of Ministries in Pakistan for WBM, is the founding member of the Lahore Council of Bible Believing Church serving as its stated clerk.

## **Greenville Presbyterian Theological Seminary**

Greenville, South Carolina

Dr. Joseph A Pipa, Jr

Website: <https://www.gpts.edu/>

We live in challenging times. Our country and the world urgently need passionate, articulate preachers of the gospel. GPTS seeks to meet that need. Founded in 1988 on the model of old Princeton, our ministry is to train pastors firmly rooted in the historic Reformed Faith who will faithfully shepherd their flocks. GPTS Trustees and faculty annually affirm our commitment to adhere fully to the Westminster Standards and we continue to teach the Biblical faith as it is set forth in the Westminster Confession of Faith and the Larger and Shorter Catechisms.

Many ministries rely on the benevolent giving of supporters to carry out their mission. We are no different. We cannot succeed in our mission without the support of the Body of Christ: in holding the Trustees and Faculty accountable, in under girding this ministry in prayer, and in providing financial resources. Donations to Greenville Seminary help to underwrite 70% of our operating costs.

## Renaissance Classical Christian Academy, Fayetteville NC

Mr Ray Hendrickson

Website: <http://rccaonline.com/>

Renaissance Classical Christian Academy was founded in order to serve the families in the greater Cumberland, Hoke, and Robeson Counties by offering the finest education, all taught through the lens of a biblical worldview. RCCA is dedicated to a very traditional style of learning called the Trivium. The Trivium adjusts the methods of teaching based upon a child's natural mental development. The coursework is challenging and places a lot of emphasis on the "basics." Christian ethics and the Lordship of Jesus Christ are taught and seen in every academic discipline. Therefore, those completing the curriculum generally produce students with strong academic skills, a love of learning and a desire to do everything for the glory of God. Providence Church supports RCCA with an annual scholarship on a needs basis.
