

Dear USAFA Alumni,

Are you looking to give back to the Academy and help continue to strengthen the tradition of the Long Blue Line? Chances are you already share your Academy and Air Force experiences with parents, teachers, coaches, key community influencers, and young men and women aspiring to attend USAFA. Well, Academy Admissions has been doing the same thing and we would like you to join our team!

We are currently looking for Admissions Liaison Officers (ALO) to help identify, attract, mentor, and evaluate qualified candidates seeking appointment to USAFA. As an ALO you will work closely with candidates throughout the admissions and scholarship application processes. This is a truly rewarding experience.

The current ALO force consists of active duty, guard/reserve, and retired/civilian personnel. Depending on your status, you may be able to earn additional points towards retirement.

If you're interested in becoming an ALO, if you know someone who would be a good fit, or if you have questions about the program please don't hesitate to contact me.

Best Regards,

Ron Killins, '99
