Hi is this Don?

This is Don with DLP Realty. I see you're searching for homes in my area and I was hoping to catch you while you were still on our site to point out a few unique features my clients REALLY find beneficial.

Would it be OK if I told you a little more about those?

I see you were mostly looking at Properties in Lower Macungie Twp that are 4 bedrooms 3 bathrooms ... 3018 square feet and about \$419900.00

MLS No.	Address		Last Viewed	Price	Beds	Baths	SqFT	Year Built	Remarks

The great thing about our site is that we share what others just won't. For example we exclusively share where the home compares to others nearby in 12 critical areas, multiple pricing models, trends as well as supply demand indicators.

Now are you looking for a place for yourself or is this an investment property?

Tell me a little bit more about your situation?

Again my name is Don, can I get yours?

Do you currently rent, or do you own your own home?

If they own...

What would you prefer to do first? Find your next home or sell your present one?

Do you currently rent, or do you own your own home?

If they own...

What would you prefer to do first? Find your next home or sell your present one?

Do you know what your home is worth?

On a scale of 1-10, with 10 being if we found you the right home at the right price you would buy it today, and 1 being you'd still pass on it - where would you say you are?

What would it take to get you to a 10?

The reason I ask is we use a 47 Step Home Discovery and Acquisition Method. This system is just NOT available to anyone else in Arizona and it makes sure that you get the right home, at your price.

Almost any real estate agent, or website can show you the MLS list but in today's market it's critical to have a proven strategy to avoid getting beat out on offer after offer. Our method does that. Since we sell more buyers homes than any other team in the state - we tend to get PRIORITY ACCESS to blocks of homes not available to others. We're not talking the scary house in worst part of town. These are all types of homes, sizes and all conditions direct from the US government, the biggest banks and the largest nonprofits.

We don't just get our clients access to these properties but in most cases we are able to get them substantial discounts saving them thousands! Most of our buyers who have worked with other Realtors never even know these Properties existed.

The Wall Street Journal just singled us out at one of the Top 50 teams in America... and that's out of 1.2 million agents. We feel that's pretty neat but what that really means to you is that we have the expertise, to not just find

The Wall Street Journal just singled us out at one of the Top 50 teams in America... and that's out of 1.2 million agents. We feel that's pretty neat but what that really means to you is that we have the expertise, to not just find your dream home - but get it at your price and your terms. Now the next step is to get together at our office, and pull up a few homes that will best meet your criteria. Then we can get you out into the homes to get your feet wet.

Is it better for you in the afternoons or evenings?

Great, I have a slot available at _____ today or another one a little later at _____. Which of those work better for you?

Great, do you have a pen handy? First let me give you my cell phone number just in case you see another great home between now and the time we meet. My cell is 610-421-4610 and again my name is Don, but you've probably already written that down right?

OK, I've got you scheduled for _____ on _____. Let me give you our address 701 W. Broad St., Bethlehem, PA - 18018,

It's super easy to find, and you can pop right in. About a mile north of the lower 202 loop in Chandler on the West side of the street with the huge DLP Realty sign.

OK Don, we'll see you on _____ at ____ PM. I'll do all the research for you before we meet as well as letting Curtis know that you'll be coming in! Oh, and you're the type of person who would call me if something came up and you couldn't make it, right? _____ Great ... we will see you at _____.
