The Rheem Contractor App – Your Favorite Tool Just Got **UPGRADED**

The Rheem® Contractor App now supports the Torin® Commercial Air-to-Water Heat Pump, providing convenient access to equipment data and diagnostics right from your phone via Bluetooth® technology. Designed specifically for contractors, the app offers valuable system insights to help simplify monitoring and troubleshooting.

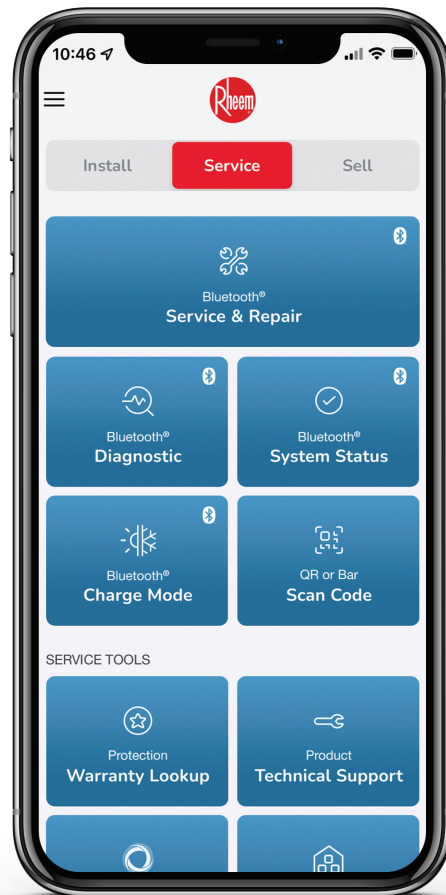

Getting Started Is Easy!

Downloading the Rheem Contractor App is simple. You can either:

- Use your phone's camera to scan the QR code below—or on the equipment you're installing—and follow the instructions

OR

- Access the Google Play Store or Apple App Store on your smartphone, search for "Rheem" and download the app

Ultimate Convenience Meets Instant Insight

Access the new Torin® Commercial Air-to-Water Heat Pump directly from the Rheem® Contractor App. With an intuitive interface and real-time equipment visibility, the app helps simplify monitoring, troubleshooting and service from the convenience of your phone, resulting in:

- Faster installation
- Improved diagnostic accuracy
- Streamlined service and repair workflows

In addition to system data and troubleshooting, the app makes it easy to:

- Sell products
- Offer financing, rebates and extended warranty
- Verify and look up warranties
- Submit CashBack claims
- Access product documents
