Biography-Introduction:

Alicia Cramer is a renowned mindset expert, an author, speaker, coach, consultant, and a serial entrepreneur. Having worked with hundreds of private clients over the past several years - from startups to owners of multi-million dollar companies - Alicia has an intimate understanding of the mindset pitfalls that affect entrepreneurs. Her own struggles with depression and self-esteem issues, as well as a traumatic event triggering P.T.S.D. was the catalyst for her profound transformational experience utilizing mindset reconditioning techniques. Alicia's clients have referred to her as their "secret weapon" for overcoming obstacles and achieving their personal and professional goals.

Potential Interview Questions:

1. What are some of the most common challenges you see entrepreneurs struggle with?
2. How does someone's mindset (or beliefs) affect their success in business?
3. As an entrepreneur, how have you used your understanding of the human mind to achieve your goals?
4. Are there certain mental habits someone can develop to be more successful?
5. Can you share a tip or something helpful for the listeners from your new book?
6. Where can listeners purchase a copy of your book?
7. Where can listeners get more information about you?
