TRAVEL TIPS FOR THE KIMBERLEY & NORTHERN TERRITORY

Climate

The Kimberley & Northern Territory enjoy a semi-arid to tropical climate consisting of two distinct seasons called the 'wet' and the 'dry' offering two very different holiday experiences. The Dry Season from May through to October is characterized by clear blue skies, warm days, light breezes and daily average temperatures of 30 degrees celsius. The Wet Season from November through to April comprises of hot, humid and unpredictable weather with daily temperatures exceeding 35 degress on average. Evenings are balmy and similar to conditions experienced throughout SE Asia, during the same period.

The best time to visit

To undertake extensive touring through the Kimberley & Northern Territory, we suggest visiting between May and September when warm sunny days and cooler nights make near-perfect weather. All tourism businesses are sure to be operating and a variety of events on offer including cultural festivals, outback horseracing and natural phenomena are fantastic experiences to weave into your itinerary. During these months the outback roads are most likely to be open for those wanting to embark on a 4WD adventure. Please be aware that June to August is peak tourist season so we recommend booking well in advance.

Swimming safely

- Always swim with a guide, or with a friend.
- Read and obey signs. Waters of the Kimberley & Northern Territory can be inhabited by crocodiles and if in doubt, don't swim, canoe or use small boats in estuaries, tidal rivers and deep pools.
- Box Jellyfish and Irukandji are potentially lethal marine stingers found along the coast predominantly from November until April. If you are stung, douse liberally with vinegar and seek urgent medical advice.

What to Pack

- Hat, sunscreen & sunglasses
- Sturdy walking shoes
- Bathers & a towel
- Insect repellent
- Camera
- Back pack & water bottle
- Warm clothing for cool nights

Outback survival tips

- Let someone know your destination and schedule
- Carry extra water and food
- Make sure you know how to use a 4WD
- Plan your route and take maps
- If your plans change, let someone know
- If possible, carry some form of communication equipment
- If you get stuck or break down, always stay with your vehicle
- Prepare for the sun. Take extra care when outdoors between 10:00am and 3:00pm
- Be aware of tides when undertaking activity near water

WELCOME TO BROOME

Once the pearling capital of the world, Broome is a unique town with a romantic and often flamboyant history. Surrounded by the sparkling turquoise waters of Cable Beach, with craggy red cliffs and endless white sands, Broome's stunning natural beauty and relaxed, tropical feel will capture your imagination. Established as a pearling port in the 1880's, Broome today boasts a multicultural population made up of the many nationalities who flocked to the shores of Roebuck Bay in the hope of making their fortune from the pearling industry. Remnants of the town's exotic past are everywhere. The unusual 'Asian Colonial' architecture that developed is evident throughout Broome, with Chinatown being home to the art galleries and pearl emporiums for which Broome is famous.

GLORIOUS SUNNY DAYS

Broome enjoys dry, sunny days during the peak months of May to October; a perfect escape from the winter chills of southern Australian states, with an average daily temperature of 31°c. Evenings can be cooler at this time of year with an average minimum of 16°c. The tropical summer is typified by humid days and balmy nights. Travel to the region at this time of year may yield some rain and access to Kimberley touring options are limited due to reduced road access. However, Broome takes on a dramatic personality during the tropical summer. The scent of frangipani is everywhere, mangoes are in season and the barramundi are on the bite.

KIMBERLEY CRUISING

A Kimberley cruise is an adventure of a lifetime. The breathtaking coastline of Western Australia's north is like no other place. Barely touched for centuries, its dramatic granite cliffs, calm turquoise waters, picturesque archipelagos and stunning waterfalls, provide a miraculous backdrop to a cruise holiday. Only a Kimberley cruise can get you this close to untamed wildlife, remote swimming holes, secret fishing spots and indigenous rock art sites, that are inaccessible by any other means. Consider combining a 4WD Kimberley tour or a legendary outback rail experience for the ultimate Australian expedition. The vast landscapes of the interior are an extraordinary contrast to the dramatic Kimberley Coast. Broome & The Kimberley Holidays can match both touring and cruising departures together to assist your planning.

Our hints to choose your cruise

The Kimberley Wilderness Cruise Experience

Exploring an ancient land, 2000 million years in the making, is an awe-inspiring experience. The landscapes of the Kimberley and Top End are amongst some of the oldest natural structures on earth. Dramatic gorges, river systems abundant with wildlife and exotic fauna, and secluded ancient rock art sites are just a few of the unique experiences of this region. Combine fishing for prized Barramundi, savouring Kimberley mud crabs and fresh rock oysters, pristine quiet and vast open skies, and you have the perfect ingredients for a holiday that will leave you spellbound.

A land of two seasons...

The Kimberley & the Top End of Australia is a semi-tropical region experiencing two distinct seasons; the dry season, between the months of April through to September, enjoys daytime temperatures in the low 30's and cool starry nights. The wet season occurs during the months of October through to March. Monsoonal rain generally arrives from December through to March, replenishing the parched ranges and bringing torrents of water in cascading waterfalls. This time of year enjoys spectacular thunderstorms and breathtaking sunsets and the barramundi are on the bite. Humidity can be high with daytime temperatures often in the mid 30's with balmy nights.

Best time to go

The start of the dry season from April to June is the best time to experience a Kimberley cruise as the waterfalls and gorges are fresh and bountiful after the wet season rains. This is also the perfect time to visit Broome and Darwin, with some fantastic accommodation deals and packages available. See our website for more details on current offers www.broomekimberley.com.au

Choosing a vessel

Choosing a vessel for your Kimberley Wilderness Cruise is all about personal preference. The larger vessels offer a traditional cruise experience, including formal dining and large public areas, choices of bars, and theatrettes, with onboard lecturers to provide an insight into the landscape, history and culture of the region. Excursions are undertaken by expedition tenders. Smaller vessels offer an intimate experience with nature, crew and guests. Many of the vessels can navigate the tidal river tributaries to provide the extraordinary experience of a cascading waterfall over the bow, whilst offering a level of comfort and onboard services to meet individual expectations.

Is a Wilderness Cruise for me?

Relaxation is a fundamental component of a Kimberley Wilderness cruise. Enjoying the onboard facilities of the vessels and the joy of the natural surrounds will suit travellers of any age and fitness level. Excursions are not compulsory, but should you wish to participate, walking and some climbing will be required to reach secluded art sites and secret swimming holes. Fishing is more frequently available on the smaller vessels.

Getting to the Kimberley & The Top End

Broome & The Kimberley Holidays utilise the services of Qantas, Virgin Australia, Skywest and Airnorth. Direct flights to Broome operate with Qantas from Melbourne, Sydney and Brisbane during the dry season. Virgin Australia also operate direct flights from Adelaide to Broome during this time. Daily flights operate via Perth to either Broome or Darwin operate all year round. Our special airfares used to create your holiday package ensure your holiday will be the best value possible.

WELCOME TO ALICE SPRINGS & THE RED CENTRE

The heart of Central Australia, affectionately referred to as the 'Red Centre' is famous for its colourful landscapes. Cobalt blue skies shroud rich red rocks and mountain ranges that stretch uninterrupted for hundreds of kilometres. Alice Springs is a thriving, spirited outback town with a strong sense of its pioneering history. In the late 1800's and early 1900's, only the most intrepid pioneers braved its rugged environment to form a settlement. They included Afghan Cameleers and Gold Prospectors, later followed by the Telegraph Station, linking outback communities to the rest of Australia. Alice Springs is also a gateway for exploring the many of Central Australia's icons including Uluru (Ayers Rock), and Kata Tjuta, (The Olgas).
