Verification Statement Climate, Community, and Biodiversity Standards Wildlife Works – Kasigau Corridor REDD+ Project Phase I – Rukinga Sanctuary

**23 May 2013
Project No. VO12103.00**

This verification statement confirms that Environmental Services, Inc. (CCBA-Approved Validator) has evaluated the implementation of the CCB Project Description prepared by Wildlife Works Carbon, LLC (Project Developer) for the project entitled *Wildlife Works Kasigau Corridor REDD+ Project Phase I – Rukinga Sanctuary, dated 23 May 2013*, according to the criteria outlined by the Climate, Community & Biodiversity Standards (Second Edition- December 2008) and that this verification statement is consistent with ISO 14064-3:2006 and ISO 14065:2007. This CCB project verification applies to the Kasigau Corridor Phase I – Rukinga Sanctuary REDD+ Project is a REDD (Reduced Emissions from Deforestation and Degradation) projects estimated to avoid the emissions that would have been emitted due to slash and burn deforestation. These projects will achieve this emission reduction through a combination of dryland forest protection and extraordinary community sustainable development activities.

The Kasigau Corridor Phase I – Rukinga Sanctuary REDD+ Project is implemented by a private land owner in the South East area of Kenya. The project is located in the Rukinga sanctuary Marungu Sublocation, Voi Division, Taita Taveta District, Coast Province of Kenya.

The dates of the period evaluated for this verification are 1 January 2012 to 31 December 2012.

Environmental Services, Inc. confirms all verification activities including objectives, scope, criteria, level of assurance, project description implementation, stakeholder interviews, monitoring report, and project implementation report adherence to the CCB Standards as documented in our report entitled *Climate, Community, and Biodiversity Alliance Project Validation / Verification Report*, dated 23 May 2013 are complete and concludes without any qualifications or limiting conditions that the *Wildlife Works Kasigau Corridor REDD+ Project Phase I – Rukinga Sanctuary*, is without material discrepancy and that the verification activities provide a reasonable level of assurance. The *Wildlife Works Kasigau Corridor REDD+ Project Phase I – Rukinga Sanctuary*, meets the requirements of the Climate, Community, and Biodiversity Standards (Second Edition – December 2008), meets the Gold Level Standard for Climate Change Adaption Benefits and Exceptional Biodiversity Benefits producing net climate (Phase I – 244,944), community, and biodiversity benefits.
