**We know that disaster recovery can place unexpected demands on an organization's capacity and we are interested in learning more about the challenges and demands your organization may have experienced. Please describe briefly any specific demands your organization has dealt with as the result of your tornado recovery work? In future disasters, how best can the CFMT further support the work of organizations serving disaster victims beyond grantmaking?**

We are incredibly grateful to CFMT for responding quickly to immediate needs, and walking with us (and our many partners) for long-term recovery efforts. From immediate clothing, shelter and nutrition needs to long-term repair and rebuild efforts, CFMT played a central role through collaboration with a wide range of non-profit partners active on the ground. We believe that our success was due to the willingness of so many groups to work together for the benefit of survivors. We will always be grateful to CFMT supporters and administrators for all that you have done for Putnam County.
